**Sustainable Creativity** Deren Hansen, 2012-08-23 We generally associate creativity with spasms of brilliance even though waiting for inspiration is like waiting for lightning to strike it happens but it s rarely predictable or repeatable Committed long term relationships don t simply happen more than just hard work it takes discipline and wisdom to keep a romance alive The same is true for creativity This book is about the discipline and wisdom of creativity particularly as it applies to writers If you master the techniques in it you will be able to make the time and space to collect ideas and arrange them in novel combinations that will delight your readers Sustainable creativity is more than talent or mind set it s a way of life Like a lush garden that blossoms through careful cultivation you too can enjoy a constant yield of creativity by design instead of the occasional happy accident
