1898 Religion Christianity Catholic Papacy Religion Christian Church History Religion Christianity Catholic *Michelangelo And The Pope's Ceiling* Ross King,2012-10-31 In 1508 Pope Julius II commissioned Michelangelo to paint the ceiling of the Sistine Chapel The thirty three year old Michelangelo had very little experience of the physically and technically taxing art of fresco and at twelve thousand square feet the ceiling represented one of the largest such projects ever attempted Nevertheless for the next four years he and a hand picked team of assistants laboured over the vast ceiling making thousands of drawings and spending back breaking hours on a scaffold fifty feet above the floor The result was one of the greatest masterpieces of all time This fascinating book tells the story of those four extraordinary years and paints a magnificent picture of day to day life on the Sistine scaffolding and outside in the upheaval of early sixteenth century Rome *The History of the Popes, Vol. 5* Ludwig Pastor,2015-07-04 Excerpt from The History of the Popes Vol 5 From the Close of the Middle Ages Drawn From the Secret Archives of the Vatican and Other Original Sources According to my original plan the present Volume should have extended to the close of the Lateran Council in 1517 but the amount of matter to be dealt with has proved so large that in order to keep it within reasonable dimensions I have been obliged to break off at the death of Julius II in 1513 A cursory treatment of two such marked Pontificates as those of Alexander VI and Julius II could not be satisfactory and the wide divergencies of opinion in regard to their characters as well as the extent and variety of the now available documents relating to them make it necessary to enter into details as much as possible Many of these documents especially those in the Consistorial Archives and the Bulls and Briefs of Alexander VI in the Secret Archives of the Vatican have hitherto been inaccessible to modern historians For the last three hundred years no one has been allowed to see the Regesta of the latter Pope In the spring of 1888 through the kind good offices of the late lamented Cardinal Hergenrother I obtained the necessary special permission from his Holiness Leo XIII to examine these documents with full liberty to make use of them for which I again tender my devoted thanks to the noble Pontiff who has opened the Secret Archives of the Vatican to historical research About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *Faith and Leadership* Michael P. Riccards,2012-04-19 This study is a comprehensive history of the papacy the oldest elective office in the world and how it has managed over the centuries the most complex voluntary association of faith The book argues that in fact through most of its existence the papacy has adapted managerial models of the secular world and applied them to the Catholic Church Since its emergence from the Jewish synagogues to a persecuted minority in the Roman Empire to becoming the established religion

of the West the Church and the papacy engaged the world on its own terms It is only after the Council of Trent did the Church become somewhat more divorced and estranged from the environment around it This book focused on those changes and on the great popes across the centuries who reformed and altered Catholicism Special attention is directed to Gregory I Innocent I Innocent III Pius IX Leo XIII Pius XI Pius XII John XXVII Paul VI and John Paul II The conclusion is that the persistence of the Catholic Church for so many centuries was due to its ability to preserve the faith but re establish its forms and managerial class **The history of the popes, vol. 6, by dr. ludwig pastor** Ludwig Pastor,F. i.
