**The Hitler Movement** James M. Rhodes, 1980 Could another movement as powerful and as fanatical as the Hitler movement ever come to the fore again Of the many works that describe and explore Nazism few if any follow the approach of this book that Nazi self interpretations should be taken seriously as starting points for the analysis of National Socialism and that it is indeed possible for a millenarian movement to be generated by any calamity in any society This book inquires into the nature and causes of the Nazi movement from the standpoint of classical Greek and Christian political theory One of its premises is that National Socialism was a secular apocalyptic movement probably similar to the religious apocalyptic uprisings of the Middle Ages and perhaps akin to the millenarianism of the apostle John Book jacket *Apocalypse, Revolution and Terrorism* Jeffrey Kaplan, 2018-09-21 This book focuses on religiously driven oppositional violence through the ages Beginning with the 1st century Sicari it examines the commonalities that link apocalypticism revolution and terrorism occurring in Judaism Christianity and Islam past and present It is divided into two sections This was Then and This is Now which together examine the cultural and religious history of oppositional violence from the time of Jesus to the aftermath of the 2016 American election The historical focus centers on how the movements leaders and revolutionaries from earlier times are interpreted today through the lenses of historical memory and popular culture The radical right is the primary but not exclusive focus of the second part of the book At the same time the work is intensely personal in that it incorporates the author s experiences in the worlds of communist Eastern Europe in the Iranian Revolution and in the uprisings and wars in the Middle East and East Africa This book will be of much interest to students of religious and political violence religious studies history and security studies *Hitler's Millennial Reich* David Redles, 2008-11-01 A brilliant study of the convergence of apocalyptic anxiety and authoritarianism in Germany A story unfortunately of continuing relevance Charles B Strozier author of *Apocalypse On the Psychology of Fundamentalism in America* After World War I German citizens sought not merely relief from the political economic social and cultural upheaval that wracked Weimar Germany but also mental salvation With promises of order prosperity and community Adolph Hitler fulfilled a profoundly spiritual need on behalf of those who converted to Nazism and thus became not only F hrer but Messiah contends David Redles who believes that millenarian sentiment was central to the rise of Nazism As opposed to many works which depersonalize Nazism by focusing on institutional factors Redles offers a fresh view of the impact and potential for millenarian movements The writings of both major and minor Nazi party figures in which there echoes a striking religiosity and salvational faith reveal how receptive Germans were to the notion of a millennial Reich such as that offered by Hitler Redles illustrates how Hitler s apocalyptic prophecies of a coming final battle with the so called Jewish Bolsheviks one that was conceived to be a war of annihilation was transformed into an equally eschatological Final Solution Redles has done an extraordinarily careful and brilliant analysis of the archival material to reveal Hitler s messianic charisma his appeal both on the ideological and psychological

level illustrating that if you can convince people that they live in apocalyptic times and you have the key to their collective salvation you can get them to do anything Richard Landes Director Center for Millennial Studies Department of History Boston University **Toward the Millennium** Peter Schäfer, Mark R. Cohen, 1998 This collection on messianic expectations from biblical times to the present represents a fresh re evaluation of a variety of religious political and cultural phenomena The focus is on Judaism but aspects of messianism in Graeco Roman Christian and Islamic worlds alongside modern political issues are considered

**Revolution and the Millennium** James F. Rinehart, 1997-10-30 An interdisciplinary cross cultural cross historical analysis of three 20th century non Western revolutionary societies China Mexico and Iran that were profoundly impinged upon by European and American imperialism The study explores the role of apocalyptic beliefs in radical movements bent on sociopolitical transformation It concludes that millennial expectations performed important and similar preparatory leadership and therapeutic functions in each case Millenarian movements are powerful and emotional social movements that expect an immediate collective total this worldly supernatural salvation and transformation of society They anticipate the complete destruction of the existing sociopolitical and economic order which they assert will be followed by a new and perfect society This study provides an interdisciplinary cross cultural cross historical analysis of three 20th century non Western revolutionary societies that were profoundly impinged upon by European and American imperialism It seeks to explore the functional role of millenarianism in these three revolutions In all three cases millenarianism prepared the way for revolutionary transformation It acted as a catalyst for action among that group of the most ardent revolutionists who were willing to pay any price to achieve what they were convinced was the inevitable goal of a utopian society Millenarianism created the potential for charismatic leadership to emerge It functioned as a doctrinal platform that awaited the opportunity to elevate a prophetic revolutionary leader to take control Finally millenarianism performed a therapeutic identity and cathartic function by providing the doctrinal foundation and an effective organization for a social healing process to take place A challenge to conventional arguments on the origins and outcomes of revolutions this study will be of great interest to scholars and researchers in comparative politics sociology and religion

*Adolf Hitler and the Nazi Epoch* Paul Madden, 1998-11-05 Although bibliographies do exist that concern themselves with the Nazi period in Germany and the Third Reich no one has yet attempted a complete reference source With the publication of Adolf Hitler and the Nazi Epoch there is finally a complete comprehensive reference source designed to identify all English language works that relate to the Nazis and the Third Reich Included in this bibliography are monographs biographies pamphlets and journal articles as well as more general histories of the time period The material is subdivided by subject and organized into eighteen chapters making this large bibliography simple to use The chapter subjects contain a broad range of data Included are chapters on Adolf Hitler himself the origins of national socialism religion and the Nazis articles about education and academics in Germany law and government under the Third Reich the SS and concentration camps everyday life in Nazi Germany foreign policy and more

The range of data collected in this one reference location is astounding and should provide a nearly inexhaustible starting point for those scholars and students interested in the history of one of the most controversial political parties and governments of the twentieth century

**Revolution and Political Change** Alexander J. Groth, 1996 This book is a collection of essays from the scholarly literature on the causes and characteristics of political revolutions of modernity. The editor's introductory chapter emphasizes increasing political mobilization and above all the acceleration of interactive changes in the fundamental context of politics social economic and cultural as a precursor to increasingly volatile world environments

**Revolutions and Revolutionists** Robert Blackey, 1982 Millennial Visions Martha F. Lee, 2000-08-30 The Americas have always been fertile grounds for millenarian movements which found their expression through the spirit of revolutionaries and the practical aspirations of the founding fathers. More recently millenarian themes have also marked the political fringe in spectacular and often violent ways. These eleven original essays authored by established scholars in the field explore the ways in which millenarianism pervades late twentieth century life. They explain how ancient ways of millenarian thinking affect modern thinking, examine the theoretical roots of millenarianism and detail a number of millenarian movements. Filling an important gap in the existing literature the essays provide a thorough analysis of the phenomenon of modern millenarianism focusing on the Americas and on modern controversial movements. This unique and important volume will facilitate analysis and comparison of the various aspects of millenarianism in the Americas. The first section is comprised of essays that examine the meaning of millennial ideas and why and how millennial themes can be found across history from Robespierre's ideas to The X Files. The second section of the book contains essays that focus on specific millennial movements. These essays explore and reflect the wide range of millenarianism in the modern Americas from Black and White supremacist movements to American fundamentalists and from the UFO subculture to Catholic sects. This unique collection of essays clearly and carefully explores the millennial urge the theory and practice of millenarianism and its expression in the Americas.

**The Cult of Power** Joseph Held, 1983 Bulletin, 2000 Journal of Ukrainian Studies, 1980 The Second World War, 1985 The Third Reich, 1933-1945 Louis Leo Snyder, 1987 An annotated bibliography of books and articles published during the 1930s 80s 850 items mostly English. See especially section 12 pp 221 246 Anti-Semitism and the Holocaust containing 83 items The Occult Roots of Nazism Nicholas Goodrick-Clarke, 2004 Sixty years after the defeat of the Third Reich the complexities of Nazi ideology are still being unravelled. This book has provided the first serious account of the way in which Nazism was moulded by powerful occult and millenarian sects that thrived in Germany and Austria at the turn of the century. Their ideas and symbols filtered through to nationalist racist groups associated with the infant Nazi party and in time exerted a strong influence on Himmler's SS. Their fantasies were played out with terrifying consequences in the Third Reich. Auschwitz Sobibor and Treblinka are the hellish museums of the Nazi apocalypse the roots of which lay in the millennial visions of occult sects. This bizarre and fascinating story contains lessons we cannot afford to ignore.

## **The Hitler Movement A Modern Millenarian Revolution Introduction**

In todays digital age, the availability of The Hitler Movement A Modern Millenarian Revolution books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of The Hitler Movement A Modern Millenarian Revolution books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of The Hitler Movement A Modern Millenarian Revolution books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing The Hitler Movement A Modern Millenarian Revolution versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, The Hitler Movement A Modern Millenarian Revolution books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether youre a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing The Hitler Movement A Modern Millenarian Revolution books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for The Hitler Movement A Modern Millenarian Revolution books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated

to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, The Hitler Movement A Modern Millenarian Revolution books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips.
