The Holy Bible Today's Chinese Version:

Biblical Translation in Chinese and Greek Toshikazu S. Foley, 2009 This study integrates three independent subjects translation theory Mandarin aspect and Greek aspect for the purpose of formulating a working theory applicable to translating the Bible. The primary objectives are defined in terms of grammatical translation of Greek aspect into Mandarin aspect at the discourse level. A historical overview of the Chinese Bible is provided as a way of introducing major translation issues related to linguistic, conceptual and logistical challenges. The proposed theory provides the translator with a powerful tool which is tested in two sample passages from John 18:19 and 1 Corinthians 15. Provided also are critical reviews of over sixty Chinese Bible versions, Nestorian, Manichaean, Catholic documents and a translation written according to the proposed theory.

The Holy Bible, 1979 **The Holy Bible**, 1979 ... **Holy Bible** United Bible Societies, 1989 **The Oxford Handbook of the Bible in China** Khiok-Khng Yeo, 2021 The Oxford Handbook of the Bible in China deftly examines the Bible's translation, expression, interpretation and reception in China. Forty-eight essays address the translation of the Bible into China's languages and dialects, expression of the Bible in Chinese literary and religious contexts, Chinese biblical interpretations and methods of reading and the reception of the Bible in the institutions and arts of China. This comprehensive and unique volume presents insightful, succinct and provocative evidence about and interpretations of encounters between the Bible and China for centuries past, continuing into the present and likely prospects for the future.

The Chinese Face of Jesus Christ: Roman Malek, 2017-07-05 This volume provides an annotated bibliography of the Western and Chinese literature on Jesus Christ in China. It is a sequel to the interdisciplinary collection on the manifold faces and images of Jesus throughout Chinese history from the Tang dynasty (618-907) to the present time. The present bibliography broadens and deepens the above-mentioned subject matter and also points out aspects which have been addressed in the contributions and anthologies of the previous volumes of *The Chinese Face of Jesus Christ* but which have not been treated thoroughly. Another aim of this bibliography is to initiate and enable further research particularly in China. It includes bibliographical data from the beginning of the introduction of Christianity to China until the year 2013, occasionally also until 2014. A list of Key References enables the reader to identify important works on main topics related to Jesus Christ in China. Some examples of book covers and title pages are included in the section of illustrations. Other volumes of the collection *The Chinese Face of Jesus Christ* are in preparation. Vol. 3c will present longer quotations from the sources listed in the present bibliography. Vol. 4b will contain a general index with glossary and Vol. 5 will deal with the iconography of Jesus Christ in China.

Jews in China Irene Eber, 2019-11-12 Irene Eber was one of the foremost authorities on Jews in China during the twentieth and twenty-first centuries. A field that, in contrast to the study of the Jewish diaspora in Europe and the Americas, has been critically neglected. This volume gathers fourteen of Eber's most salient articles and essays on the exchanges between Jewish and Chinese cultures, making available to students, scholars and general readers a representative sample of the range and depth of her

important work in the field of Jews in China Jews in China delineates the centuries long reciprocal dialogue between Jews Jewish culture and China all under the overarching theme of cultural translation The first section of the book sets forth a sweeping overview of the history of Jews in China beginning in the twelfth century and concluding with a detailed assessment of the two crucial years leading up to the Second World War The second section examines the translation of Chinese classics into Hebrew and the translation of the Hebrew Bible into Chinese The third and final section turns to modern literature bringing together eight essays that underscore the cultural reciprocity that takes place through acts of translation The centuries long relationship between Judaism and China is often overlooked in the light of the extensive discourse surrounding European and American Judaism With this volume Eber reminds us that we have much to learn from the intersections between Jewish identity and Chinese culture Journey Through the White Terror Kang-i Sun
