The Honorable Elders Revisited Erdman Ballagh Palmore, Daisaku Maeda, 1985 **The Demographic Challenge: A Handbook about Japan** Florian Coulmas, Harald Conrad, Annette Schad-Seifert, Gabriele Vogt, 2008-03-30 This Handbook explores the challenges demographic change poses to today's Japan. The first part provides the fundamental data involved and the subsequent two parts address the social and cultural aspects of Japan's demographic change. Parts four and five are dedicated to the political, economic and social security aspects of demographic change. The Handbook brings together a group of international scholars of various disciplinary backgrounds to take issue with the world's fastest demographic transition. Topics include the dynamics of gender roles, images of age, policy formation, labour market structures, pension system, living arrangements, ethical values and many more. Against the background of Japan's demographic change, the latest developments in these fields are being introduced and whenever appropriate set into a context of historical and/or international comparison. This Handbook is the first comprehensive publication in English on Japan's demographic change. Contributors include Makoto Atoh, Hans Dieter Ischleger, Ryuichi Kaneko, Ralph L. Tzeler, Shigemi Kono, Matthias Koch, Sepp Linhart, Takeo Ogawa, Chikako Usui, Leng Leng Thang, Susan Orpett, Long Sawako, Shirahase Toshiko, Himeoka James, Raymo Miho, Iwasawa Akiko, S. Kiefer, 2023-09-01 Faced with the decline of the traditional family and the explosive growth of the over 65 population, the Japanese are looking for new ways to care for their elders. This timely study documents the birth of a major social phenomenon in Japan: the planned retirement community. In the mid 1980s Yasuhito Kinoshita spent a year living in Japan's first such community, Fuji no Sato. His collaboration with Christie W. Kiefer, a cultural gerontologist, is the first detailed study of a retirement community in a non-Western culture. Fuji no Sato is a social community with no visible traditions. Kinoshita and Kiefer show that its residents' preference for long established relationships creates the need for the invention of relationships that have no precedent in Japanese society. This book reveals much about Japanese culture and about the graying of society that plagues the newly industrialized countries of Asia. Its lessons about sensitivity to the elderly's values and the need for clear communication have important applications in other cultures as well. Faced with the decline of the

versus contemporary realities the role of the state patterns of familial and non familial care social stratification and intersections of caregiving and death Drawing on ethnographic demographic policy archival and media data the authors trace both common patterns and diverging trends across China Hong Kong Taiwan Singapore Japan and Korea **Ageing in Asia** Roger Goodman, Sarah Harper, 2013-09-13 The volume takes four key themes related to ageing the experience of old age intergenerational relations economics of and social policy for ageing longevity and the culture of ageing and examines how these issues are emerging in different regions of Asia specifically the former Soviet Union South Asia China Japan and South East Asia In placing these Asian cases studies in the broader context of debates about and policies on ageing more generally it brings them into the mainstream of comparative research on ageing from which they have been too often excluded As the studies show the relationship between ageing and poverty is a complex one and often reflects policy towards the aged rather than that the aged themselves are unproductive and dependent Ageing moreover can no longer be considered as simply a national question we also need to consider the implications of its global dimension in terms of issues such as human rights and quality of life **A Revised Edition of the Ordinances of the Government of Ceylon** Ceylon, 1898 **The Scots Revised Reports** John Rankine, 1898 *The Book of Proverbs.
