involved many of whom had little concern for the impact of their acts on others and even fewer who were interested in the plight of the newly enfranchised blacks for whom the war had supposedly been fought While the states were once again united many of the postwar efforts divided different segments of the population and failed to achieve their goals in an era too often remembered for carpetbaggers and scalawags and Congressional imbroglios and incompetent government No matter how one looks at it the Civil War continues to affect the politics constitutionalism and societal norms of the United States in an irrevocable way and it probably always will It was a very personal war not fought by machines but by men affecting countless Americans who have one or more Civil War veterans hidden in their family trees It s a war modern enough to be relevant to today s military interests yet gentlemanly enough to be *Fight Like a Tiger* Victoria L. Harrison,2018-10-22

Focusing on the life of ambitious former slave Conway Barbour Victoria L Harrison argues that the idea of a black middle class traced its origins to the free black population of the mid nineteenth century and developed alongside the idea of a white middle class Although slavery and racism meant that the definition of middle class was not identical for white people and free people of color they shared similar desires for advancement Born a slave in western Virginia about 1815 Barbour was a free man by the late 1840s His adventurous life took him through Lexington and Louisville Kentucky Cleveland Ohio Alton Illinois and Little Rock and Lake Village Arkansas In search of upward mobility he worked as a steamboat steward tried his hand at several commercial ventures and entered politics He sought but was denied a Civil War military appointment that would have provided financial stability Blessed with intelligence competence and energy Barbour was quick to identify opportunities as they appeared in personal relationships he was simultaneously married to two women business and politics Despite an unconventional life Barbour found in each place he lived that he was one of many free black people who fought to better themselves alongside their white countrymen Harrison s argument about black class formation reframes the customary narrative of downtrodden free African Americans in the mid nineteenth century and engages current discussions of black inclusion the concept of otherness and the breaking down of societal barriers Demonstrating that careful research can reveal the stories of people who have been invisible to history *Fight Like a Tiger* complicates our understanding of the intersection of race and class in the Civil War era Senate Documents USA Senate,1872 **The Brooks and Baxter War** John Mortimer Harrell,1893 *The American Annual Cyclopaedia and Register of Important Events ,1872* The American Annual Cyclopædia and Register of Important Events ... ,1872 Trial of Hon. TO PRESUME to multiply books in this day of excellent writers and learned book makers is a rash thing perhaps for a novice It may even be a presumption that shall be met by the production itself being driven from the market by the keen searching criticism of not only the reviewers but less noted objectors And yet there are books that meet a ready sale because they seem like Ishmaelites against everybody and everybody against them Whether this work shall ever accomplish the design of the author may not at all be determined by its sale While I hope to secure some pecuniary gain that I may accompany it with a companion illustrating what our women have done yet by no means do I send it forth with the sordid idea of gain I would rather it would do some good than make a single dollar and I echo the wish of Abou Ben Adhem in that sweet poem of that name written by Leigh Hunt The angel was writing at the table in his vision The names of those who love the Lord Abou wanted to know if his was there and the angel said No Said Abou I pray thee then write me as one that loves his fellow men That is what I ask to be recorded of me The angel wrote and vanished The next night It came again with a great awakening light And showed the names whom love of God had blessed And lo Ben Adhem s name led all the rest I desire that the book shall be a help to students male and female in the way of information concerning our great names I have noticed in my long experience as a teacher that many of my students were wofully ignorant of the work of our great colored men even ignorant of their names If they knew their names it was some indefinable something they had done just what they could not tell If in a slight degree I shall here furnish the data for that class of rising men and women I shall feel much pleased Herein will be found many who had severe trials in making their way through schools of different grades It is a suitable book it is hoped to be put into the hands of intelligent aspiring young people everywhere that they might see the means and manners of men s elevation and by this be led to undertake the task of going through high schools and colleges If the persons herein mentioned could rise to the exalted stations which they have and do now hold what is there to prevent any young man or woman from achieving greatness Many yea nearly all these came from the loins of slave fathers and were the babes of women in bondage and themselves felt the leaden hand of slavery on their own bodies but whether slaves or not they suffered with their brethren because of color That sum of human villainies did not crush out the life and manhood of the race I wish the book to show to the world to our oppressors and even our friends that the Negro race is still alive and must possess more intellectual vigor than any other section of the human family or else how could they be crushed as slaves in all these years since 1620 and yet to day stand side by side with the best blood in America in white institutions grappling with abstruse problems in Euclid and difficult classics and master them Was ever such a thing seen in another people Whence these lawyers doctors authors editors divines lecturers linguists scientists college presidents and such in one quarter of a century
