The Hoodwinking Of Madeline And Other Essays On Keatss Poems

Peter Holland, Adrian Poole

The Hoodwinking Of Madeline And Other Essays On Keatss Poems:

The Hoodwinking of Madeline, and Other Essays on Keats's Poems Jack Stillinger, 1971 English Romantic Poets M. H. Abrams, 1975-09-11 This highly acclaimed volume contains thirty essays by such leading literary critics as A O Lovejoy Lionel Trilling C S Lewis F R Leavis Northrop Frye Harold Bloom Geoffrey Hartman Jonathan Wordsworth and Jack Stillinger Covering the major poems by each of the important Romantic poets the contributors present many significant perspectives in modern criticism old and new discursive and explicative mimetic and rhetorical literal and mythical archetypal and phenomenological pro and con The Living Dead James B. Twitchell, 1981 In his Preface to *The Living Dead A Study of the*

Vampire in Romantic Literature James Twitchell writes that he is not interested in the current generation of vampires which he finds rude boring and hopelessly adolescent However they have not always been this way In fact a century ago they were often quite sophisticated used by artists varied as Blake Poe Coleridge the Brontes Shelley and Keats to explain aspects of interpersonal relations However vulgar the vampire has since become it is important to remember that along with the Frankenstein monster the vampire is one of the major mythic figures bequeathed to us by the English Romantics Simply in terms of cultural influence and currency the vampire is far more important than any other nineteenth century archetypes in fact he is probably the most enduring and prolific mythic figure we have This book traces the vampire out of folklore into serious art until he stabilizes early in this century into the character we all too easily recognize Great Shakespeareans Set I Peter Holland, Adrian Poole, 2014-09-29 *Great Shakespeareans* offers a systematic account of those figures who have had the greatest influence on the interpretation understanding and cultural reception of Shakespeare both nationally and internationally This major project offers an unprecedented scholarly analysis of the contribution made by the most important Shakespearean critics editors actors and directors as well as novelists poets composers and thinkers from the seventeenth to the twentieth century *Great Shakespeareans* will be an essential resource for students and scholars in Shakespeare studies

Keats's Poetry and the Politics of the Imagination Daniel P. Watkins, 1989 A reassessment of the historical dimension of Keat s poetry that addresses the influence on his work of the immediate post Waterloo period and traces his source materials A new reading of Keat s major poems is presented as well as of many less studied pieces **Romantic Poetry** Karl Kroeber, Gene W. Ruoff, 1993 This anthology fills the need for a comprehensive up to date collection of the most important contemporary writings on the English romantic poets During the 1980s many theoretical innovations in literary study swept academic criticism Many of these approaches from deconstructive new historicist and feminist perspectives used romantic texts as primary examples and altered radically the ways in which we read Other major changes have occurred in textual studies dramatically transforming the works of these poets The world of English romantic poetry has certainly changed and Romantic Poetry keeps pace with those changes Karl Kroeber and Gene W Ruoff have organized the book by poet Blake Wordsworth Coleridge Byron Shelly and Keats and have included essays representative of key critical approaches to each

poet's work In addition to their excellent general introduction the editors have provided brief helpful forewords to each essay showing how it reflects current approaches to its subject The book also has an extensive bibliography sure to serve as an important research aid Students on all levels will find this book invaluable *Inescapable Romance* Patricia A.

Parker, 2015-03-08 Defining romance as a form that simultaneously seeks and postpones a particular end revelation or object Patricia Parker interprets its implications and transformations in the works of four major poets Ariosto Spenser Milton and Keats In placing the texts within their literary and historical contexts Professor Parker provides at once a literary history of romance as genre a fresh reading of individual poems and an exploration of the continuing romance of figurative language itself Originally published in 1979 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 *Critical Essays on John Keats* Hermione De

Almeida, 1990 Keats's ideal of negative capability which he defined as letting the mind be a thoroughfare for all thought is the subject of much recent criticism These 18 essays published since 1965 by both British and American scholars focus on this and other broad aspects of study Keats's degree of intellectual vigour his philosophy and his current relevance Seven contributions are original excerpts from studies in progress presenting new historical evidence on the poet's major influences his involvement in medicine and in his primary social and gender biases *The Still Image in Keats's Poetry* S. R.

Swaminathan, 1981 **The Texts of Keats's Poems** Jack Stillinger, 1974 Jack Stillinger's concern is with the words of Keats's texts I wish he says to get rid of the wrong ones and to suggest how to go about constructing texts with a greater proportion of the right ones He finds that in the two best modern editions of Keats one third of the texts have one or more wrong words Modern editors have sometimes based their texts on inferior holograph transcript or printed versions sometimes combined readings from separate versions sometimes retained words added by copyists and early editors who frequently made improvements when they thought the poems needed them and sometimes of course introduced independent errors of their own The heart of this book is a systematic account of the textual history of each of the 150 poems that can reasonably be assigned to Keats In each history Stillinger dates the work as closely as it can be dated gives the details of first publication specifies the existing variant readings and their sources and suggests what might be the basis for a standard text

Poetics of Self and Form in Keats and Shelley Mark Sandy, 2005 In focusing on the poetic treatment of self and literary form in Keats and Shelley Mark Sandy shows how using Nietzsche's philosophy to illuminate Keats's correspondence and Shelley's *A Defence of Poetry* provides a conceptual basis for a comparative reading of the poets Using key ideas from Nietzsche Sandy explores Keats's *Endymion* and Shelley's *Alastor* as redefinitions of the romance genre Further he suggests

that in their redescription of romance Keats and Shelley discovered a radical mode of subjectivity that is present in Keats's major odes and Shelley's lyrical poetry as a conflict among poetic identity art and existence In Sandy's reading Shelley's Adonais and Keats's The Eve of St Mark emerge as diverse meditations on crises of posthumous reputation and future audience whereas Keats's Hyperion fragments and Shelley's The Triumph of Life resolve these anxieties over authorial posterity by entrusting the reader with a new form of poetical self JEGP, Journal of English and Germanic Philology Gustaf E. Karsten,1998 **Keats-Shelley Review** ,1986 *The Longman Anthology of British Literature* David Damrosch,2000 The Compact Edition of the first new anthology of British Literature in 25 years The Longman Anthology of British Literature Compact Edition presents the varieties of British literature within the dynamic cultural landscape of the British Isles From the Middle Ages to the present the Compact Edition is available in a single volume for the one semester course or in two volumes A and B for the two semester course The Poem and the Book Neil Fraistat,1985 The Romantic poets believed that the selection and arrangement of poems into collections were important steps in the poetic process From the works of Dante Petrarch and Milton Fraistat finds poetic precedent for the organizing principles of Wordsworth Coleridge Keats and Shelley From this background he surveys over three hundred poetic volumes published between 1790 and 1830 and finds that the diversity in each book ultimately possesses a coherent field Originally published in 1987 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value Library Journal Melvil Dewey,Karl Brown,Bertine Emma Weston,Helen E. Wessells,1972 Includes beginning Sept 15 1954 and on the 15th of each month Sept May a special section School library journal ISSN 0000 0035 called Juniorlibraries 1954 May 1961 Issued also separately **Nineteenth-century Literature** ,1997 Contains articles which focus on a broad spectrum of significant figures in fiction philosophy and criticism such as Austen Carlyle Dickens Thackeray the Brontes Tennyson Browning Arnold Emerson Hawthorne Thoreau Whitman Twain and Henry James Studia Romanica Et Anglica Zagrabienia ,2003 **Yearbook of Interdisciplinary Studies in the Fine Arts** ,1990 *The Critical Temper: Supplement* Martin Tucker,1969
