## **The Horses Of Central Park:**

*The Horses of Central Park* Michael Slade, 1992 Twelve year old Wendell and his friend Judith help the horses who pull the carriages in Central Park to have one glorious night of freedom      Where Have All the Horses Gone? Jonathan V. Levin, 2017-07-19 A century ago horses were ubiquitous in America They plowed the fields transported people and goods within and between cities and herded livestock About a million of them were shipped overseas to serve in World War I Equine related industries employed vast numbers of stable workers farriers wainwrights harness makers and teamsters Cities were ringed with fodder producing farmland and five story stables occupied prime real estate in Manhattan Then in just a few decades the horses vanished in a wave of emerging technologies Those technologies fostered unprecedented economic growth and with it a culture of recreation and leisure that opened a new place for the horse as an athletic teammate and social companion      **The Horse in the City** Clay McShane, Joel Arthur Tarr, 2007-07-16 Honorable mention 2007 Lewis Mumford Prize American Society of City and Regional Planning The nineteenth century was the golden age of the horse In urban America the indispensable horse provided the power for not only vehicles that moved freight transported passengers and fought fires but also equipment in breweries mills foundries and machine shops Clay McShane and Joel A Tarr prominent scholars of American urban life here explore the critical role that the horse played in the growing nineteenth century metropolis Using such diverse sources as veterinary manuals stable periodicals teamster magazines city newspapers and agricultural yearbooks they examine how the horses were housed and fed and how workers bred trained marketed and employed their four legged assets Not omitting the problems of waste removal and corpse disposal they touch on the municipal challenges of maintaining a safe and productive living environment for both horses and people and the rise of organizations like the American Society for the Prevention of Cruelty to Animals In addition to providing an insightful account of life and work in nineteenth century urban America *The Horse in the City* brings us to a richer understanding of how the animal fared in this unnatural and presumably uncomfortable setting      *Twice Blessed* Stefanie Mercado Altman, Claire Altman, Stan Altman, 2025-10-07 A deeply moving memoir of love resilience and identity chronicling one family's journey through adoption caregiving and the profound connections that define us *Twice Blessed* is a beautifully written memoir that explores the depths of love resilience and the true meaning of family Stefanie Mercado Altman Claire Altman and Stan Altman share an intimate and inspiring story about the bonds that define us from adoption to caregiving and beyond When Stefanie was adopted by Claire and Stan their family was built on love and trust rather than biology As they navigated the joys and struggles of parenting they faced challenges that tested their resilience including Stefanie's search for identity and connection with her birth mother Rosa a gifted artist whose struggles with AIDS cast a long shadow From the highs of new beginnings to the heartbreak of loss *Twice Blessed* captures the complexities of relationships and the sacrifices made in the name of love The story unfolds with warmth humor and honesty offering a powerful perspective on what it means to

belong Through Stefanie s journey of self discovery and the family s steadfast devotion the book paints a vivid portrait of compassion and perseverance Engaging and deeply moving Twice Blessed speaks to anyone who has ever questioned their place in the world or searched for a deeper understanding of family This book will resonate with fans of personal memoirs adoption narratives and heartfelt stories about love that transcends boundaries **Another 1000 Famous Horses** FJH Glover,2022-11-13 This 2nd book is a continuation of the 1st book The index at the back of the book is brilliant The contents list at the front of the book is in alphabetical order and is a list of the horses names gives paragraph numbers Whereas the Index gives the Rider Owner in alphanumeric order and gives paragraph numbers So if you do not know the name of a persons horse you would look up the person in the Index and it would indicate the paragraph numbers to find the answer For instance Steptoe and Son would be under S in the Index and this would lead you to Hercules the strong man from Greek Mythology Or Toy Story 2 would lead you to Bullseye Books 3 and 4 are in the process of compiling it s a Never Ending Story

**Horse World and Veterinary Record** ,1893 **WHO SPEAKS FOR THE CARRIAGE HORSES?** Jon Katz,2014-08-21 Jon Katz reveals the truth behind the controversy between the Central Park carriage trade and the politicians and organizations who call themselves supporters of animal rights It documents a shameful failure of politics and media as it explores the reality of the lives of the carriage horses and the truth about working animals The book also takes a deeper look at the future of animals in our world The modern day animal rights movements seems to be removing animals from our lives more than protecting them and the horses seem to have called on us to consider their fate in a wiser and more thoughtful way A portion of all proceeds will go to the fund to save the horses *The Journal of Comparative Medicine and Veterinary Archives* Edward Charles Spitzka,William Henry Porter, Frank Seaver Billings,Rush Shippen Huidekoper,William Horace Hoskins,H.
