The Hot Gates And Other Occasional Pieces:

THE HOT GATES AND OTHER OCCASIONAL PIECES WILLIAM GOLDING, 1965 *The Hot Gates and other occasional pieces* William Golding, 2013-05-02 A dazzling collection of occasional writings by the Nobel Prize winning novelist on subjects ranging from Thermopylae to the English Channel and from Coral Island to Jules Verne A book of occasional essays which afford us many fascinating insights into Golding the man It is highly individual yet profoundly modest it has an unusual slightly angular candour full of painful knowledge and a beautiful humanity even the slightest piece bears the mark of his rare austere mind his remarkable imagination Even these occasional essays are enough to remind us that there is not at the moment a writer to touch him New Society **The Hot Gates and Other Occasional Pieces** William Golding, 1974

Golding Stephen Medcalf, 1975 William Golding has observed that an appropriate epigraph for his writings would be a remake attributed to St Augustine Woe be to me if I speak of God woe be to me if I do not speak of God and has written again that Modern man is appallingly ignorant of his own nature The energy generated in this conflict between a sense of the utter impossibility of writing honestly about the profound and the intimate in the human condition and a sense of vocation to do so

drives through all his work His first novel *Lord of the Flies* which he published at the age of forty two is still the most famous and with its revelations of the depths of savagery which lie beneath civilization perhaps the most disturbing of his books All Golding's subsequent fiction indeed is characterized by a knack of involving the reader in the perceptions of the principal characters so overpowering that as Stephen Medcalf points out His own judgement of what is happening is swallowed up The extreme example of this technique is found in *Pincher Martin* 1956 at the end of which the reader suddenly discovers that the whole story has taken place after death in front of eternity A number of important clues for the interpretation of Golding's outlook are to be found in his less well known Writings and Stephen Medcalf's essay surveys the whole range of his work novels stories essays autobiography poems and plays for stage and radio He finds Golding's nearest affinities in the writers of post Puritan New England such as Melville and Hawthorne but pays a special tribute to his originality stylistic strength and power to recreate the English language Stephen Medcalf 1936 2007 was a lecturer in English at the University of Sussex He read Classical Moderations and English Literature at Oxford and was for a year a master at Malvern College He has edited Joseph Glanvill's *The Vanity of Dogmatizing* contributed an essay on Chesterton to *G K Chesterton A Centenary Appraisal* 1974 and written on various aspects of Classical and English Literature particularly of the fourteenth century He is now writing on the literary criticism of the Bible *The Publishers' Trade List Annual* ,1990 *Studies in the Literary Imagination* ,1980 *Contemporary Novelists* James Vinson,D.
