Here Come the Cavalry! Scott Strasser, 2024-05-13 Step into the thrilling and topsy turvy history of professional soccer in Calgary with this captivating chronicle written by a former player dedicated fan and passionate journalist From the Boomers and Kickers of the 1980s to the present day Cavalry FC this book unveils the fascinating history of Calgary's professional soccer teams To set the stage it delves into the short lived tenures of Cavalry's predecessors explaining why they failed to endure These brief ventures are contrasted with the decisions Cavalry FC has made to not only stay afloat as a professional sports franchise but also to thrive and grow in the post pandemic era Bringing the narrative to life are in depth interviews with players coaches fans and team owners providing an insider's perspective on the triumphs and tribulations experienced by Calgary's professional soccer teams Meticulously researched with a blend of firsthand accounts and archival exploration this book stands as the definitive history of professional soccer's evolution in Calgary Find out why the beautiful game continues to endure in an otherwise hockey dominated city fuelled by the passion dedication and resilience that define Calgary's soccer community

Here Comes the Sun Steve Jones, 2019-06-06 Illuminating Professor Brian Cox Every Steve Jones book is a masterclass in clear and captivating writing with tantalising detours into beguiling anecdotes Here Comes the Sun is dense with ideas and stories and like all his books it will change the way you see the world around you Robin Ince Our sun drives the weather forms the landscape feeds and fuels but sometimes destroys the creatures that live upon it controls their patterns of activity makes chemicals in the skin that cheer up those who bask in its rays and for the ancients was the seat of divine authority In Here Comes the Sun Steve Jones shows how life on Earth is ruled by our nearest star It is filled with unexpected connections between the need to stay cool and man's ability to stand upright between the power of memory and the onset of darkness between the flow of solar energy through the plants and animals and of wealth through society and between Joseph Goebbels 1938 scheme to make Edinburgh the summer capital of a defeated Britain and the widening gap in the life expectancy of Scottish men compared to that of other European men brought on by that nation's cloudy climate Its author charts some of his own research in places hot and cold across the globe on the genetic and evolutionary effects of sunlight on snails fruit flies and people and shows how what was once no more an eccentric specialism has grown to become a subject of wide scientific social and political significance Stunningly evocative beautifully written and packed full of insight Here Comes the Sun is Steve Jones's most personal book to date
