**The Himmler Equation** William P. Kennedy,1989    *The Himmler Brothers* Katrin Himmler,2012-05-31 Katrin Himmler s cool but meticulous examination of the Himmler story reveals in all its dark complexity the gulf between the normality of bourgeois family life and the horrors perpetrated by one member This riveting family memoir provides essential new information on the private life and background of one of the twentieth century s most notorious killers not a lone evil executioner but a middle class family man loved and fully supported by his respectable German family It also offers a unique account of one women s courageous attempt to deal with her chilling inheritance It is part of the creeping discomfort in reading her book to realise the incredibly ordinary middle class background of these three sons of a rather pompous provincial headmaster and to see how right until the end he was almost able to convince himself it hadn t happened like it had Sunday Times You get a vivid sense of a particular kind of German conservatism Roman Catholic monarchist and of how weirdly it found an outlet in the upstart part pagan thuggery of Nazism Independent One can only admire her bravery In a way Katrin Himmler s book is not a story about the past but one about the present The most interesting details are the ones she gives of her own quest Daily Telegraph

Smith,1971    **SS 1: The Unlikely Death of Heinrich Himmler (Text Only)** Hugh Thomas,2016-03-31 First serious examination of the curious demise of Reichsf hrer SS Heinrich Himmler that also investigates an extraordinary web of secret deals and international intrigue

History of the Holocaust Rita S. Botwinick, 2004. Told with scrupulous care for accuracy this book examines the causes and events of the Holocaust giving important background information on Jewish life in Europe on the functions of the hierarchy within the Nazi government and the psychological foundations of prejudice. Controversial topics cover specific issues such as: was the Holocaust the result of centuries of anti-Semitism? Was Germany's support of the Nazi dictatorship widespread? Was the Holocaust premeditated? Was there significant Jewish resistance? When did the world learn of the Holocaust? How should the actions of the Judenräte be evaluated? How did the Righteous Gentiles remain true to their ethical standards? Can there be forgiveness? Did ordinary men commit extraordinary evil? For anyone who wants a clearly written completely factual account of the Holocaust in Europe during the Second World War.
