Robert Burgoyne

The Hollywood Epic:

The Hollywood Epic Foster Hirsch, 1978 Film and the Classical Epic Tradition Joanna Paul, 2013-02-28 Paul explores the relationship between films set in the ancient world and the classical epic tradition arguing that there is a connection between the genres Through this careful consideration of how epic manifests itself through different periods and cultures we learn how cinema makes a claim to be a modern vehicle for a very ancient tradition The Epic Film in World Culture Robert Burgoyne, 2010-09-13 With the recent release of spectacular blockbuster films from *Gladiator* to *The Lord of the Rings* trilogy the epic has once again become a major form in contemporary cinema This new volume in the AFI Film Readers series explores the rebirth of the epic film genre in the contemporary period a period marked by heightened and conflicting appeals to national ethnic and religious belonging The original essays in this volume explore the tension between the evolving global context of film production and reception and the particular provenance of the epic as an expression of national mythology and aspirations challenging our understanding of epics produced in the present as well as our perception of epic films from the past The contributors will explore new critical approaches to contemporary as well as older epic films drawing on ideas from cultural studies historiography classics and film studies **The History of the Epic** A. Johns-Putra, 2006-07-11 This book presents a history of the epic from the classical age to the present day It deals not just with the well know epics of antiquity and the Renaissance but also pursues developments in more recent literature and film It offers an exploration of the changes that have taken place in the genre from Homer to Hollywood Biblical Epics Bruce Francis Babington, Peter William Evans, 2009-06-01 *Biblical Epics Sacred Narrative in the Hollywood Cinema* is a major survey and analysis of the relationship between religion and film and traces the development of this genre in Hollywood The book examines the impact of religion ethnicity sexuality and gender on this complex genre within the context of American history Together Bruce Francis Babington and Peter William Evans raise questions of narrative spectacle Jewish Christian relations authorship star meanings the representation of Christ and sexual desire The authors theorize the Biblical epic in its three main forms the Old Testament epic the Christ film and the Roman Christian epic Films analyzed include *David and Bathsheba* *The Last Temptation of Christ* *The King of Kings* *The Greatest Story Ever Told* *Demetrius and the Gladiators* *Samson and Delilah* and *Ben Hur* **The Epic Films of David Lean** Constantine Santas, 2011-09-22 Widely regarded as one of cinema's most accomplished directors David Lean helmed such classics as *Brief Encounter* *Great Expectations* and *Oliver Twist* He twice received the Academy Award for best director and two of his films *The Bridge on the River Kwai* and *Lawrence of Arabia* won the Oscar for best picture Both are featured on the American Film Institute's Top 100 with *Lawrence of Arabia* at number seven Despite the awards and accolades for these motion pictures many critics often look more favorably upon the smaller films that Lean produced earlier in his career and in recent years his reputation as a director has diminished In this study Constantine Santas seeks to restore these now undervalued epics to the elevated esteem they once held Without dismissing

the earlier works or regarding them as irrelevant to Lean's evolution as an artist this book shows that the epics if analyzed from certain vantage points are as worthy as any of Lean's previous films In addition to Lean's Academy Award winning blockbusters Santas also provides close analytical looks at Doctor Zhivago Ryan's Daughter and the director's final film A Passage to India Santas argues that the epics show a progression and refinement of Lean's work and that they are thematically broader and feature more complex characterization than his earlier films In his analyses Santas provides background material on the production of each epic insights into structure characters techniques and themes and a look into the relationship between the films and their literary sources Written in a clear and engaging manner *The Epic Films of David Lean* will appeal not only to cinema students and scholars but also to the general fan of David Lean and his work **Film Study** Frank Manchel,1990-10 The four volumes of Film Study include a fresh approach to each of the basic categories in the original edition Volume one examines the film as film volume two focuses on the thematic approach to film volume three draws on the history of film and volume four contains extensive appendices listing film distributors sources and historical information as well as an index of authors titles and film personalities *The Epic Film in World Culture* Robert Burgoyne,2010-09-13 With the recent release of spectacular blockbuster films from *Gladiator* to *The Lord of the Rings* trilogy the epic has once again become a major form in contemporary cinema This new volume in the AFI Film Readers series explores the rebirth of the epic film genre in the contemporary period a period marked by heightened and conflicting appeals to national ethnic and religious belonging The original essays in this volume explore the tension between the evolving global context of film production and reception and the particular provenance of the epic as an expression of national mythology and aspirations challenging our understanding of epics produced in the present as well as our perception of epic films from the past The contributors will explore new critical approaches to contemporary as well as older epic films drawing on ideas from cultural studies historiography classics and film studies **The Historical Epic and Contemporary Hollywood** James Russell,2007-04-15 James Russell employs empirical historical techniques to explore how industrial conditions and the agendas of key directors writers and producers led to the increased production of historical epics such as *Dances with Wolves* *Titanic* *Gladiator* and *The Passion of Christ* **The Epic Film** Derek Elley,2014 **Russian War Films** Denise Jeanne Youngblood,2007 A panoramic survey of nearly a century of Russian films on wars and wartime from World War I to more recent conflicts in Afghanistan and Chechnya with heavy emphasis on films pertaining to World War II *The Hollywood Reporter* ,2008 **Film Culture** ,1967 **Contemporary Costume Film** Julianne Pidduck,2004 A unique genre study of the international cultural phenomenon that is costume film **The Historical Epic and Contemporary Hollywood** James Russell,2007-04-15 James Russell employs empirical historical techniques to explore how industrial conditions and the agendas of key directors writers and producers led to the increased production of historical epics such as *Dances with Wolves* *Titanic* *Gladiator* and *The Passion of Christ* **Movie Mastermind** Ronald Bergan,Robyn Karney,1986 *Films and*
