## **The Holocaust And The Literary Imagination:**

*The Holocaust and the Literary Imagination* Lawrence L. Langer, 1975-01-01 The immense service that Langer's careful thoughtful immensely intelligent and restrained study renders is that the esthetics of atrocity cease to be an exclusive domain of the victims. Many of his writers are not Jewish and several were not imprisoned or interned and yet all of them have been riven by the death camp universe. The atrocity of that time and the atrocities that have succeeded Auschwitz represent a continuity that may almost be called a new tradition one in which the phantasmagoric and horrific is real and the gentle and generous a prodigy to be remarked with amazement. The Holocaust and the literary Imagination is a pioneering work of criticism for it impels us readers and writers alike to inquire after the basic paradox how can literature delight and transfix or warn and modify a humanity from whom nothing is hidden nothing prohibited for whom nothing is shocking or unreal. Arthur A Cohen New York Times Book Review

## **After Representation?** R. Clifton Spargo, Robert

Ehrenreich, 2009-11-11 After Representation explores one of the major issues in Holocaust studies the intersection of memory and ethics in artistic expression particularly within literature. As experts in the study of literature and culture the scholars in this collection examine the shifting cultural contexts for Holocaust representation and reveal how writers whether they write as witnesses to the Holocaust or at an imaginative distance from the Nazi genocide articulate the shadowy borderline between fact and fiction between event and expression and between the condition of life endured in atrocity and the hope of a meaningful existence. What imaginative literature brings to the study of the Holocaust is an ability to test the limits of language and its conventions. After Representation moves beyond the suspicion of representation and explores the changing meaning of the Holocaust for different generations audiences and contexts

## **The German Student Movement and the**

**Literary Imagination** Susanne Rinner, 2013-02-01 Through a close reading of novels by Ulrike Kolb Irmtraud Morgner Emine Sevgi zdamar Bernhard Schlink Peter Schneider and Uwe Timm this book traces the cultural memory of the 1960s

student movement in German fiction revealing layers of remembering and forgetting that go beyond conventional boundaries of time and space. These novels engage this contestation by constructing a palimpsest of memories that reshape readers understanding of the 1960s with respect to the end of the Cold War the legacy of the Third Reich and the Holocaust.

Topographically these novels refute assertions that East Germans were isolated from the political upheaval that took place in the late 1960s and 1970s. Through their aesthetic appropriations and subversions these multicultural contributions challenge conventional understandings of German identity and at the same time lay down claims of belonging within a German society that is more openly diverse than ever before
