The Homestead Act:

Free Homesteads for All Americans Paul Wallace Gates,1963 [The Homestead Act of 1862](#) Jason Porterfield,2004-08-15 Primary source documents discuss the creation of the Homestead Act that allowed pioneers headed West a piece of land to settle on and build a new life **The Homestead Act** Elaine Landau,2006 Discusses the history of the Homestead Act what states were involved how people lived and crossed the land to open the Western United States

Homesteading the Plains Richard Edwards,Jacob K. Friefeld,Rebecca S. Wingo,2017 Homesteading the Plains offers a bold new look at the history of homesteading overturning what for decades has been the orthodox scholarly view The authors begin by noting the striking disparity between the public s perception of homesteading as a cherished part of our national narrative and most scholars harshly negative and dismissive treatment Homesteading the Plains reexamines old data and draws from newly available digitized records to reassess the current interpretation s four principal tenets homesteading was a minor factor in farm formation with most Western farmers purchasing their land most homesteaders failed to prove up their claims the homesteading process was rife with corruption and fraud and homesteading caused Indian land dispossession Using data instead of anecdotes and focusing mainly on the nineteenth century Homesteading the Plainsdemonstrates that the first three tenets are wrong and the fourth only partially true In short the public s perception of homesteading is perhaps more accurate than the one scholars have constructed Homesteading the Plainsprovides the basis for an understanding of homesteading that is startlingly different from current scholarly orthodoxy **Congressional Record** United States.
