The animals existence in the abandoned old house is threatened when a young couple appears and talks about redoing the place     Plantation Game Trails Archibald Rutledge,2018-03-12 TO have been able during a matter of nearly thirty years to follow the game trails of the great plantation region of the delta of the Santee this has been my privilege I have seen my homeland undergo great transformations during those years the plantations have for the most part become waste tracts many of the old families have died out Nature has recaptured in her inimitable way what had been for a few years wrested from her The game has held its own on these desolate plantations and that is saying much in the modern day In these chapters I have tried to give a faithful account of the observations I have made as a hunter and as a lover of Nature I have tried to present the wildwoods of the South as I have known them since boyhood And I have attempted to preserve the memory of certain characters which have appeared to me worthy of a place in the picturesque gallery of American woodsmen Preface Richly illustrated throughout     **RELICS - A Myth You Don't Believe - A Reality**
