William Edwin BOARDMAN,1870 *The highway of holiness; or, The higher Christian life* Charles Graham (baptist

minister.),1872 **The Higher Christian Life** Dennis Fox,2025-08-15 We are all born with self will with the freedom to choose But when God stirs our hearts for Him we use this freedom to surrender our will to His Son Jesus Christ Our Christian calling is then a walk up a narrow road a lifelong process of the Holy Spirit replacing our self will with God's Our spiritual maturity is measured by how much of our self will we surrender While some Christians grow quickly eagerly giving up their old selves others hold back refusing to confess all their sins and thereby halt their growth and stifle God's Spirit in their lives They live with one foot in the world and their self will is what remains of their internal opposition toward God But God wants our whole hearts our spirits the conscience that makes us heirs with Jesus for Himself Nothing less can please Him God wants us to be holy as He is holy Our holiness is the part of God that resides in our hearts In The Higher Christian Life you will learn four exponential powers from the Holy Spirit to becoming holy T1 Turning away from the world T2 Total surrender of your will T3 Total dependence on God and lastly T4 Touching the Higher Christian Life In the world many people only realize how to live when it comes time to die But for Christians if we concern ourselves more with spiritual sickness both our physical and spiritual sicknesses would be healed Divine healing is a natural result of holiness The Higher Christian Life is a life of continual surrender to each new revelation of God's will It is a life of prayer the holy power of God on our breath When we align our prayers with His will when we desire God's glory in the circumstances we face God hears and His answers draw us closer to Him where His holiness becomes ours

Evangelicalism Donald W. Dayton,2002-05 Those labeled as evangelicals commonly are assumed to constitute a large and fairly homogeneous segment of American Protestantism This volume suggests that in fact evangelicalism is better understood as a set of distinct subtraditions each with its own history organizations and priorities The differences among groups are so important that the question arises Is the term evangelical useful at all This book attempts to enter as sympathetically as possible into the self understandings of movements usually grouped under the evangelical umbrella For each of twelve major traditions a leading scholarly interpreter first articulates the group's theological orientation and then explores the relationship between that movement and broader evangelical issues and organizations Contributors develop remarkably useful and diverse conceptual strategies for charting the complex evangelical landscape In crisp summary chapters the editors draw differing conclusions from the many perspectives offered Donald Dayton wants to abandon the category
