# The History Of Rome Vol 2

**Oliver Goldsmith**

## **The History Of Rome Vol 2:**

**The History of Rome** Livy,1924      **The History of Rome Volume 2** Livy,2013-09 This historic book may have numerous typos and missing text Purchasers can usually download a free scanned copy of the original book without typos from the publisher Not indexed Not illustrated 1823 edition Excerpt them out to the field with the utmost haste he charged the flank of the enemy s line which had enough to do in the other dispute at the same time exclaiming that it would be the height of infamy if they suffered Marcius s army to monopolize the honour of both victories and did not assert their claim to the glory of their own war He bore down all before him and pushed forward through the midst of the enemy s line to their camp which being left without a guard he took and set on fire and the flames of it being seen by the soldiers of Marcius and likewise by the enemy on their looking about a general flight immediately took place among the Samnites But they could not effect an escape in any direction in every quarter they met death After a slaughter of thirty thousand men the consuls had now given the signal for retreat and were collecting into one body their several forces who were employed in mutual congratulations when some new cohorts of the enemy which had been levied for a reinforcement being seen at a distance occasioned a renewal of the carnage On these the conquerors rushed without any order of the consuls or signal received crying out that they would give these Samnites an introduction to service which they would not like The consuls indulged the ardour of the legions well knowing that raw troops mixed with veterans dispirited by defeat would be incapable even of attempting a contest Nor were they wrong in their judgment all the forces of the Samnites old and new fled to the nearest mountains These the Roman army also ascended so that no situation afforded safety to the vanquished they were beaten off even from the summits which they had seized And now they all with one voice      *The Game of Power - Volume 2 (History of Roman Empire)* Ainan Ahmed,2024-06-27 Explore the fascinating world of ancient Rome through the pages of *The Game of Power* volume II by Ainan Ahmed In this gripping book delve into the rich tapestry of Roman history brought to life through the stories of its influential leaders From the renowned Julius Caesar to the formidable Augustus and from the mysterious Nero to the wise Marcus Aurelius each emperor s journey is filled with twists and turns Through conquests alliances and trials these leaders shaped the course of an empire With easy language and interesting stories of empires *The Game of Power* volume II takes you on a captivating journey through the heart of Roman civilization Whether you re reading alone or with friends this book offers a doorway into the captivating world of ancient Rome Join Ainan Ahmed as you uncover the mysteries of power and ambition in the Roman Empire From moments of triumph to instances of betrayal this book paints a vivid picture of a civilization that continues to intrigue and inspire      **The History of Rome, Book II** THEODOR. MOMMSEN,William P (William Purdie) Dickson,2025-03-28 *The History of Rome Vol 2* From the Abolition of the Monarchy in Rome to the Union of Italy by Theodor Mommsen offers a comprehensive exploration of Roman history tracing the Republic s evolution and laying the groundwork for the Empire This meticulously prepared volume delves into the pivotal period

between the end of the monarchy and the unification of Italy providing invaluable insights into the political social and cultural forces that shaped ancient Rome Mommsen s detailed account makes this a cornerstone text for anyone interested in Roman history the rise and fall of ancient civilizations and the enduring legacy of Italian history A classic work of historical scholarship this book remains essential reading for understanding the foundations of Western civilization and the intricacies of the Roman world Explore the drama intrigue and monumental events that defined Rome s path from Republic to Empire This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

*A History of the Laws of War: Volume 2* Alexander Gillespie,2011-10-07 This unique new work of reference traces the origins of the modern laws of warfare from the earliest times to the present day Relying on written records from as far back as 2400 BCE and using sources ranging from the Bible to Security Council Resolutions the author pieces together the history of a subject which is almost as old as civilisation itself The author shows that as long as humanity has been waging wars it has also been trying to find ways of legitimising different forms of combatants and ascribing rules to them protecting civilians who are either inadvertently or intentionally caught up between them and controlling the use of particular classes of weapons that may be used in times of conflict Thus it is that this work is divided into three substantial parts Volume 1 on the laws affecting combatants and captives Volume 2 on civilians and Volume 3 on the law of arms control This second book on civilians examines four different topics The first topic deals with the targetting of civilians in times of war This discussion is one which has been largely governed by the developments of technologies which have allowed projectiles to be discharged over ever greater areas and attempts to prevent their indiscriminate utilisation have struggled to keep pace The second topic concerns the destruction of the natural environment with particular regard to the utilisation of starvation as a method of warfare and unlike the first topic this one has rarely changed over thousands of years although contemporary practices are beginning to represent a clear break from tradition The third topic is concerned with the long standing problems of civilians under the occupation of opposing military forces where the practices of genocide collective punishments and or reprisals and rape have occurred The final topic in this volume is about the theft or destruction of the property of the enemy in terms of either pillage or the intentional devastation of the cultural property of the opposition As a work of reference this set of three books is unrivalled and will be of immense benefit to scholars and practitioners researching and advising on the laws of warfare It also tells a story which throws fascinating new light on the history of international law and on the history of warfare itself

severs the indo germanic peoples from the Syrian Israelite and Arabic nations This diversity was no less marked in the case of that Semitic people which spread more than any other in the direction of the west the Phoenicians Their native seat was the narrow border of coast bounded by Asia Minor the highlands of Syria and Egypt and called Canaan that is the plain This was the only name which the nation itself made use of even in Christian times the African farmer called himself a Canaanite But Canaan received from the Hellenes the name of Phoenike the land of purple or land of the red men and the Italians also were accustomed to call the Canaanites Punians as We are accustomed still to speak of them as the Phoenician or Punic race About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

**The History of Rome, Vol. 2 (Classic Reprint)** B. G. Niebuhr, 2016-09-05 Excerpt from The History of Rome Vol 2 But for the breaking out of this tremendous calamity I should have hastened after a short interval of rest to complete and publish the third volume of which the part comprehended within the limits of the original second volume has already been planned the remainder down to the first Punic war only wants a last revision If peace be allowed to continue any time this shall be the first work I take in hand About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

**The History of Rome, Vol. 2** William Mavor, 2017-02-03 Excerpt from The History of Rome Vol 2 The Foundation of the City Till the Termination of the Eastern Empire Triumvirate aiming at sovereign authority

and desirous by depressing the senate and cajoling the people to extend their own influence The senate equally apprehensive of the three great men who controlled them and of the people who opposed them formed a middle interest between both and being intent on reestablishing the aristocracy which had been set up by Sylla their struggles were dignified with the name of freedom The people on the other hand were anxious for liberty in the most extensive sense and with a fatal blindness only apprehensive of the invasion of it from the side of the senate gave all their influence to the triumvirate whose promises were as magnificent as their pretences were specious About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

The History of Rome Theodor Mommsen, 2015-06-15 Excerpt from The History of Rome Vol 2 After Rome had acquired the undisputed mastery of the world the Greeks were wont to annoy their Roman masters by the assertion that Rome was indebted for her greatness to the fever of which Alexander of Macedonia died at Babylon on the 11th of June 431 As it was not too agreeable for them to reflect on the actual past they were fond of allowing their thoughts to dwell on what might have happened had the great king turned his arms as was said to have been his intention at the time of his death towards the west and contested the Carthaginian supremacy by sea with his fleet and the Roman supremacy by land with his phalanxes It is not impossible that Alexander may have cherished such thoughts nor is it necessary to resort for an explanation of their origin to the mere difficulty which an autocrat who is fond of war and is well provided with soldiers and ships experiences in setting limits to his warlike career About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

**Rome's Armies to the Death of Augustus** Tony McArthur, 2024-09-30 National armies as we know them today are a comparatively recent development It has been assumed that the Romans had an army similar to the national institutions of advanced almost exclusively European powers at the end of the nineteenth century But the assumption was wrong as is the belief that changes seen in the armies can be explained because the Romans reformed their armies Up to the death of Augustus the Romans had no permanent military forces Roman armies were raised for particular campaigns and disbanded at their conclusion Repeated campaigns were conducted in places like northern Italy

and Spain but the armies were always disbanded These armies were not seen by Romans as part of a national institution as modern armies are they were simply a part of the life of a Roman citizen like religion or elections These armies were more like a militia than a national army There is little evidence even of systematic training and what changes can be detected can be better explained by contingent adaptation to circumstances rather than reform The emperor Augustus is commonly seen as the originator of the imperial armies but it was an unintended outcome of a long life History of Rome, Volume I

Livy,1919 The only extant work by Livy is part of his history of Rome from the foundation of the city to 9 BC Of its 142 books 1 10 21 45 except parts of 41 and 43 45 fragments and short summaries remain **The History of Rome, Volume 2**
