The Hmong Of China Context Agency And The Imaginary:

The Hmong of China Nicholas Tapp, 2003 This first ethnography of the Hmong in China is based on Nicholas Tapp's extensive fieldwork in a Hmong village in Sichuan. Basing his analysis on the concepts of context and agency, Tapp discusses the paradoxical ambivalence at the heart of Hmong culture. A paradox arises in the historical and ethnographic construction of the identity of the Hmong by conscious contrast with and in opposition to a majority Han Chinese identity at the same time that large parts of Hmong culture are shared with the Chinese and may be the results of historical processes of adoption, absorption, mimesis or emulation. Tapp examines the Hmong rituals of shamanism, ancestral respect and death and provides details on livelihood, kinship, local organization and intellectual culture. The book is enhanced with thorough accounts of ceremonies, rituals and folktales with translations of Hmong songs and stories. This publication has also been published in hardback, no longer available. *Media, Erotics, and Transnational Asia* Purnima Mankekar, Louisa Schein, 2013-02-11 This collection of essays examines how mediated eroticism and sexuality circulate across Asia and its diasporas, both reflecting and shaping the social practices of producers and consumers. **The Hmong of China** Nicholas Tapp, 2001 This first ever ethnography of a remarkable Chinese Thai minority convincingly argues that Hmong culture cannot be understood in isolation from Chinese culture. It deals with major issues concerning their mixed Southeast Asian Chinese identity and covers subjects such as the interpretation of their cultural borrowings as signs of envy or subversion, farming and kinship relations, shamanism and ancestral worship, and in part three, the legends of the Orphan who achieves sovereignty through a mystic marriage. It is made clear that agency redefines context through the power of imagination. This publication has also been published in paperback; please click here for details. **Handbook on Religion in China** Stephan Feuchtwang, 2020-02-28 Informative and eye-opening, the Handbook on Religion in China provides a uniquely broad insight into the contemporary Chinese variations of Buddhism, Islam and Christianity. In turn, China's own religions and transmissions of rites and systems of divination have spread beyond China, a progression that is explored in detail across 19 chapters written by leading experts in the field. 田海龙, 2007 **Living with Separation in China** Charles Stafford, 2003-09-02 First Published in 2004 Separation, for example, the process of leaving behind temporarily or permanently individuals to whom we are attached, is something experienced by humans in all societies. In the case of China, the rituals and practices associated with separation and with its corollary reunion are especially elaborate. They are crucial elements within the Chinese cultural tradition. In addressing, through the use of case studies, the central theme of separation, this book also provides a good general introduction to many of the classic debates within anthropological and historical analyses of China. It will therefore prove an interesting and useful resource to students of Asian studies and anthropology as well as the general reader with an interest in the Chinese cultural tradition. **Baptizing Burma** Alexandra Kaloyanides, 2023-06-20 Shortlisted 2024 EuroSEAS Book Prize in the Humanities European Association for Southeast Asian Studies In July 1813 a young American couple from Boston

arrived in Rangoon to preach the gospel Celebrated in the Protestant press which ran dramatic accounts of exotic adventures the attempt to convert the Burmese met with mixed results Although Burmese Buddhists resisted Christian evangelism people from minority communities were baptized in large numbers throughout the nineteenth century American Baptist Christianity was itself transformed in the Buddhist kingdom Missionaries who were initially horrified by what they saw as the idolatry of Buddha statues found themselves creating tree shrines and their converts hanging colorful Jesus paintings in their churches Baptizing Burma explores the history of how the American Baptist mission to Burma failed to convert the country yet succeeded in transforming its religious landscape Alexandra Kaloyanides examines how the Burmese majority positioned Buddhism to counter Christianity how marginalized groups took on Baptist identities and how Protestantism was reimagined as a Southeast Asian religion She considers a series of holy objects to reveal the mechanics of religious practice in a period of entangled empires British Burmese and American By telling stories of four key things the sacred book the school house the pagoda and the portrait this book illuminates the histories of Burma s last kingdom and the unexpected consequences of America s first overseas mission *Heritage and the Making of Political Legitimacy in Laos* Phill Wilcox, 2025-10-01 The Lao People s Democratic Republic is nearly fifty years old and one of the few surviving one party socialist states Nearly five decades on from its revolutionary birth the Lao population continues to build futures in and around a political landscape that maintains socialist rhetoric on the one hand and capitalist economics on the other Contemporary Lao politics is marked by the use of cultural heritage as a source of political legitimacy Researched through long term detailed ethnography in the former royal capital of Luang Prabang itself a UNESCO recognized World Heritage Site since 1995 this book takes a fresh look at issues of legitimacy heritage and national identity for different members of the Lao population It argues that the political system has become sufficiently embedded to avoid imminent risk of collapse but suggests that it is facing new challenges primarily in the form of rising Chinese influence in Laos **Encyclopedia of Chinese History** Michael Dillon, 2016-12-01 China has become accessible to the west in the last twenty years in a way that was not possible in the previous thirty The number of westerners travelling to China to study for business or for tourism has increased dramatically and there has been a corresponding increase in interest in Chinese culture society and economy and increasing coverage of contemporary China in the media Our understanding of China s history has also been evolving The study of history in the People s Republic of China during the Mao Zedong period was strictly regulated and primary sources were rarely available to westerners or even to most Chinese historians Now that the Chinese archives are open to researchers there is a growing body of academic expertise on history in China that is open to western analysis and historical methods This has in many ways changed the way that Chinese history particularly the modern period is viewed The Encyclopedia of Chinese History covers the entire span of Chinese history from the period known primarily through archaeology to the present day Treating Chinese history in the broadest sense the Encyclopedia includes coverage of the frontier regions of Manchuria Mongolia Xinjiang and

Tibet that have played such an important role in the history of China Proper and will also include material on Taiwan and on the Chinese diaspora In A Z format with entries written by experts in the field of Chinese Studies the Encyclopedia will be an invaluable resource for students of Chinese history politics and culture

Religion, Ethnicity, and Gender in Western Hunan during the Modern Era Paul R. Katz, 2021-08-19 This book explores how beliefs and practices have shaped the interactions between different ethnic groups in Western Hunan as well as considering how religious life has adapted to the challenges of modern Chinese history Combining historical and ethnographic methodologies chapters in this book are structured around changes that occurred during the interaction between Miao ritual traditions and religions such as Daoism with particular focus on the commonalities and differences seen between Western Hunan and other areas of Southwest China In addition investigation is made into how gender and ethnicity have shaped such processes and what these phenomena can teach about larger questions of modern Chinese history As such this study transcends existing scholarship on Western Hunan which has stressed the impact of state policies and elite agendas by focusing instead on the roles played by ritual specialists Such findings call into question conventional wisdom about the standardization of Chinese culture as well as the integration of local society into the state by means of written texts Religion Ethnicity and Gender in Western Hunan during the Modern Era will prove valuable to students and scholars of history ethnography anthropology ethnic studies and Asian studies more broadly

The Hmong of Australia Nicholas Tapp, Gary Y. Lee, 2004 The Hmong are among Australia's newest immigrant populations They came as refugees from Laos after the communist revolution of 1975 ended their life there as highland shifting cultivators The Hmong originate from southern China where many still remain and others live in Vietnam Thailand and Burma Hmong refugees are now also settled in the USA Canada France Germany and French Guyana Already the beauty and richness of traditional Hmong culture in particular their shamanism and embroidered costume has attracted the attention of the Australian public but little is known about these people their background or the struggles they have faced to adjust to a new life in Australia This interdisciplinary collection of articles deals with their music and textiles gender and language their social adaptation and their global diaspora The book aims to bring knowledge of the Hmong to a wider public and contribute to the understanding of these people

The Hmong Mountains Maren Tomforde, 2006 The concept of cultural spatiality includes all aspects of human agency experiences and outside influences As such it encompasses socio culturally enacted localities whether these are real imagined or only potential spheres of social economic religious symbolic or political action As in the case of the Hmong in northern Thailand people can be anchored via processes of place making in local settlements in a diaspora spread over five continents or in the Otherworld of the supernatural agents The concept of the Hmong Mountains signifies the place the Hmong people have constituted to maintain their socio cultural distinctiveness despite statelessness It is a mental model of the Hmong lifeworld which has evolved during the course of a long history of migration dispersal and

settlement in Thailand

A History of Daoism and the Yao People of South China Eli Alberts, 2006 The term Yao refers to a non Sinitic speaking southern Chinese people who originated in central China south of the Yangzi River Despite categorization by Chinese and Western scholars of Yao as an ethnic minority with a primitive culture it is now recognized that not only are certain strains of religious Daoism prominent in Yao ritual traditions but the Yao culture also shares many elements with pre modern official and mainstream Chinese culture This book is the first to furnish a history part cultural part political and part religious of contacts between the Chinese state and autochthonous peoples identified since the 11th century as Yao people in what is now South China It vividly details the influence of Daoism on the rich history and culture of the Yao people The book also includes an examination of the specific terminology narratives and symbols Daoist imperial that represent and mediate these contacts This is an important piece of work on a little studied but very interesting subject namely Taoism among the non Sinitic peoples of South China and adjoining areas Professor Victor Mair University of Pennsylvania This brilliant study by Eli Alberts has now cleared away much of the cloud that has been caused by previous mostly impressionistic scholarship on the Dao of the Yao Professor Barend J ter Haar Leiden University

Chinese Ethics in a Global Context Karl-Heinz Pohl, Anselm Winfried Müller, 2002 Pohl Chinese studies Trier U Germany and Muller philosophy Trier U present 16 contributions penned by U S German Taiwanese and Chinese scholars that explore the ethical viewpoints of their respective philosophical traditions The collection is meant to be cross cultural at the same time as it attends to the political ideological rifts of the Western and Chinese regions After exploring theoretical issues of understanding ethics in a global context the contributors explore ethical and political values for Chinese and Western societies respectively Final papers offer a more explicitly comparative approach looking at such ideas as morality and the family medical ethics and jurisprudential attitudes towards human rights Annotation copyrighted by Book News Inc Portland OR
