The Holocaust And The War Of Ideas:

Teaching the Holocaust Michael Gray, 2015-05-15 Teaching the Holocaust is an important but often challenging task for those involved in modern Holocaust education. What content should be included and what should be left out? How can film and literature be integrated into the curriculum? What is the best way to respond to students who resist the idea of learning about it? This book, drawing upon the latest research in the field, offers practical help and advice on delivering inclusive and engaging lessons, along with guidance on how to navigate through the many controversies and considerations when planning, preparing and delivering Holocaust education. Whether teaching the subject in History, Religious Education, English or even in a school assembly, there is a wealth of wisdom which will make the task easier for you and make the learning experience more beneficial for the student. Chapters include: The aims of Holocaust education; Ethical issues to consider when teaching the Holocaust; Using film and documentaries in the classroom; Teaching the Holocaust through literature; The role of online learning and social media; The benefits and practicalities of visiting memorial sites. With lesson plans, resources and schemes of work which can be used across a range of different subjects, this book is essential reading for those that want to deepen their understanding and deliver effective, thought-provoking Holocaust education.

The Holocaust Edward Alexander, Alexander treats sympathetically writers like Kovner and Appelfeld who integrated the European tragedy into the Israeli imagination but charges that some Israeli dramatists have perpetrated travesties of the Holocaust that resemble antisemitic polemics.

AJL Newsletter Association of Jewish Libraries, 1993 [Index to Jewish Periodicals](#), 1995 An author and subject index to selected and American Anglo-Jewish journals of general and scholarly interests. [The Liberation of the Camps](#) Dan Stone, 2015-01-01 A moving, deeply researched account of survivors' experiences of liberation from Nazi death camps and the long, difficult years that followed. Seventy years have passed since the tortured inmates of Hitler's concentration and extermination camps were liberated. When the horror of the atrocities came fully to light, it was easy for others to imagine the joyful relief of freed prisoners. Yet for those who had survived the unimaginable, the experience of liberation was a slow, grueling journey back to life. In this unprecedented inquiry into the days, months and years following the arrival of Allied forces at the Nazi camps, a foremost historian of the Holocaust draws on archival sources and especially on eyewitness testimonies to reveal the complex challenges liberated victims faced and the daunting tasks their liberators undertook to help them reclaim their shattered lives. Historian Dan Stone focuses on the survivors' their feelings of guilt, exhaustion, fear, shame for having survived and devastating grief for lost family members, their immense medical problems and their later demands to be released from Displaced Persons camps and resettled in countries of their own choosing. Stone also tracks the efforts of British, American, Canadian and Russian liberators as they contended with survivors' immediate needs, then grappled with longer-term issues that shaped the postwar world and ushered in the first chill of the Cold War years ahead.
