churches that preceded the current cathedral church of Notre Dame and cultural production in the Paris area in the late 12th and early 13th centuries as well as Paris's chapels and bridges. There is new evidence for the source of the c. 1240 design for a celebrated window in the Sainte Chapelle, an evaluation of the liturgical arrangements in the new shrine choir of Saint Denis built 1140-44, and a valuable assessment of the properties held by the Cistercian Order in Paris in the Middle Ages. Also the book investigates the relationships between manuscript illuminators in the 14th century and representations of Paris in manuscripts and other media up to the late 15th century. Paris: The Powers that Shaped the Medieval City, updates and enlarges our knowledge of this key city in the Middle Ages.

Saints as Intercessors between the Wealthy and the Divine Emily Kelley, Cynthia Turner Camp, 2019-04-25
Offering snapshots of mercantile devotion to saints in different regions this volume is the first to ask explicitly how merchants invoked saints and why. Despite medieval and modern stereotypes of merchants as godless and avaricious medieval traders were highly devout and rightly so. Overseas trade was dangerous and merchants' commercial activities were seen as jeopardizing their souls. Merchants turned to saints for protection and succor identifying those most likely to preserve their goods, families, reputations and souls. The essays in this collection written from diverse angles range across later medieval western Europe from Spain to Italy to England and the Hanseatic League. They offer a multi-disciplinary examination of the ways that medieval merchants from petty traders to influential overseas wholesalers deployed the cults of saints. Three primary themes are addressed: danger, community and the unity of spiritual and cultural capital. Each of these themes allows the international panel of contributors to demonstrate the significant role of saints in mercantile life. This book is unique in its exploration of saints and commerce, shedding light on the everyday role religion played in medieval life. As such it will be of keen interest to scholars of religious history, medieval history, art history and literature.
