fashion feminism and pop culture influence of the cowgirl figure      Killer Clones WLVE,2022-10-12 Why did I decide to finally write Spoiler it s not a midlife crisis Like most people mass shootings have always left me speechless Of course I don t need to have lived in other countries to know that the approach the USA takes regarding gun related violence is perplexingly unique I consider myself a keen observer so I noticed that during the lockdown of the pandemic in 2020 2021 mass shooting news reports drastically went down even as violence overall seemed to reach new records So I found myself wondering whether the lockdown would help with the gun violence crisis and save lives from the lethal virus It was a little bit naive wasn t it When the country started reopening to normal activities between March and April 2021 punctual like a clock mass shootings were also back to being part of life That struck me to my core and I decided to act on the idea of a book I had been keeping in my mind for some time Even though I was trained as a scientist and engineer I always felt drawn to literary endeavors but never had the time and the dedication to get the training I knew I would need to come up with a book worth anyone s time But on this occasion I was gonna do something about this book idea Even the ugly divorce I was going through was not going to stop me That s how I started working on this book and I think you ll find it worth your time I hope you enjoy the story The book is simply a warning against complacency toward mass shootings Accepting them as a normal part of our life may numb us from the fact that advanced AI technology can potentially be weaponized for seemingly random shootings that perhaps cover up a crazy agenda like world domination Of course it would take a resourceful evil genius to do that but how many tech billionaires would or wouldn t fit that profile
