The House On Sprucewood Lane:

The House on Sprucewood Lane Caroline Slate, 2002-03-26 From the outside some families appear to be untouchable No conflicts within could cause ugliness or bitterness no external force could shatter their assured confident aura The world saw the McQuade family through such a prism a slice of suburban perfection a page from a magazine existence for Melanie and Tom McQuade and their two gifted children But Melanie s sister documentary filmmaker Lex Cavanaugh knows that nothing is as it appears the truth of any picture lies in the eye of the beholder And soon an unthinkable crime will shake Lex to the core challenging everything she has known about her estranged family and herself Lex receives the wrenching news in an urgent e mail from her nephew Jared his ten year old sister Calista a talented gymnast with Olympic potential has been found murdered Rushing from her home in London to Melanie s house in exclusive Westport Connecticut Lex re enters a family living out its worst nightmare with each of the members cast in the light of suspicion even among themselves As the homicide investigation unfolds a startling unexpected group portrait reveals itself Lex s obsessive controlling sister her TV personality brother in law and the intensely unhappy young Jared in whom Lex sees her childhood self Sifting through a decade of hidden indiscretions raw resentments and buried truths Lex knows she must unlock the secrets of the past if there is any hope at all for their future With a fresh voice and an unsparing eye Caroline Slate has crafted a literary gem that is at the same time a tense disarming psychological thriller in the tradition of Jacquelyn Mitchard and Ruth Rendell a page turner that exposes the chilling entangled secrets which may tear one family apart

Divination and the Shamanic Story Michael Berman, 2009-03-26 Stories have traditionally been classified as epics myths sagas legends folk tales fairy tales parables or fables However the definitions of the terms have a tendency to overlap making it difficult to classify and categorize material For this reason a case can be made for the introduction of a new genre termed the shamanic story a story that has either been based on or inspired by a shamanic journey a numinous experience in non ordinary reality or one that contains a number of the elements typical of such a journey Other characteristics include the way in which the stories all tend to contain embedded texts often the account of the shamanic journey itself how the number of actors is clearly limited as one would expect in subjective accounts of what can be regarded as inner journeys and how the stories tend to be used for healing purposes Within this new genre it is proposed that there exists a sub genre shamanic stories that deal specifically with divination and examples are presented and analysed to support this hypothesis By means of textual analysis it can be shown they all share certain attributes in common the identification of which forms the conclusion of the work
