**The Huguenot Settlements in Ireland** Grace Lawless Lee,2009-08 This award winning book is the definitive account of the principal Huguenot family settlements in Ireland Mrs Lee's objective in writing this book was to demonstrate the French Protestant contribution to the history of Ireland and in particular the Huguenot influence in trade the professions and Irish social life In the process of describing in successive chapters the Huguenot presence in the city of Cork Cork County Waterford and Wexford Carlow Portarlington western Ireland and Dublin she furnishes specific biographical and genealogical details concerning the more successful Huguenot families who settled in those localities in the wake of the revocation of the Edict of Nantes in 1685 The book is also sprinkled with lists of Huguenot ministers churches with their dates of founding apprentices students and so on At the conclusion of the work the reader will find a bibliography and a very serviceable index to surnames and subjects and at the outset a map of the Huguenot settlements throughout Ireland

**The Huguenot Population of France, 1600-1685** Philip Benedict,1991 This vol has been built upon all of the known parish register census evidence bearing upon the changing size of France's Huguenot population over the course of the period between the Edict of Nantes its Revocation specifically upon census figures or annual totals of baptisms for any Protestant church or community for which such evidence spans 40 or more years of the cent This national investigation is offered in the hope that it can help to stimulate more of the detailed local studies of individual Protestant communities of the relations between their members their Catholic neighbors that are needed to illuminate these variations as well as to highlight those regions where such studies might be particularly fruitful Charts tables

**The Protestant International and the Huguenot Migration to Virginia** David E. Lambert,2010 In 1700 King William III assigned Charles de Saily to accompany Huguenot refugees to Manakin Town on the Virginia frontier The existing explanation for why this migration was necessary is overly simplistic and seriously conflated Based largely on English language sources with an English Atlantic focus it contends that King William III grateful to the French Protestant refugees who helped him invade England during the Glorious Revolution 1688 and win victory in Ireland 1691 rewarded these refugees by granting them 10 000 acres in Virginia on which to settle Using French language sources and a wider more European focus than existing interpretations this book offers an alternative explanation It delineates a Huguenot refugee resettlement network within a Protestant International highlighting the patronage of both King William himself and his valued Huguenot associate Henri de Ruvigny Lord Galway By 1700 King William was politically battered by the interwoven pressures of an English reaction against his high profile foreign favorites Galway among them and the Irish land grants he had awarded to close colleagues to Galway and others This book asserts that King William and Lord Galway sponsored the Manakin Town migration to provide an alternate location for Huguenot

Mentzer,Andrew Spicer,2002-01-10 The Huguenots formed a privileged minority within early modern France During the second half of the sixteenth century they fought for freedom of worship in the French wars of religion which culminated in the Edict of Nantes in 1598 The community was protected by the terms of the Edict for eighty seven years until Louis XIV revoked it in 1685 The Huguenots therefore constitute a minority group tolerated by one of the strongest nations in early modern Europe a country more often associated with the absolute power of the crown in particular that of Louis XIV This collection of essays explores the character and identity of the Huguenot movement by examining their culture and institutions their patterns of belief and worship and their interaction with French state and society The volume draws upon research by leading historians and specialists from across Europe and North America      **The Publications of the Huguenot Society of London ,1909**      **Proceedings of the Huguenot Society of America** Huguenot Society of America,1891      *Hubert Montreuil; or, The Huguenot and the dragoon* Francisca Ingram Ouvry,1873      *History of the Huguenot Emigration to America* Charles Washington Baird,1966      **Publications of the Huguenot Society of London ,1948**
