**Stroheim** Arthur Lennig, 2000-01-27 Erich von Stroheim 1885-1957 was one of the giants in American film history Stubborn arrogant and colorful he saw himself as a cinema artist which led to conflicts with producers and studio executives who complained about the inflated budgets and extraordinary length of his films Stroheim achieved great notoriety and success but he was so uncompromising that he turned his triumph into failure He was banned from ever directing again and spent his remaining years as an actor Stroheim's life has been wreathed in myths many of his own devising Arthur Lennig scoured European and American archives for details concerning the life of the actor and director and he counters several long accepted claims Stroheim's tales of military experience are almost completely fictitious the von in his name was an affectation adopted at Ellis Island in 1909 and counter to his own claim he did not participate in the production of The Birth of a Nation in 1914 Wherever Stroheim lived he was an outsider a Jew in Vienna an Austrian in southern California an American in France This contributed to an almost pathological need to embellish and obscure his past yet it also may have been the key to his genius both behind and in front of the camera As an actor Stroheim threw himself into his portrayals of evil men relishing his epithet The Man You Love to Hate As a director he immersed himself in every facet of production including script writing and costume design In 1923 he created his masterpiece Greed infamous for its eight hour running time Stroheim returned to acting saving some of his finest performances for La Grande Illusion 1937 and Billy Wilder's Sunset Boulevard 1950 a role he hated probably because it was

too similar to the story of his own life      *Psychotherapists on Film, 1899-1999* John Flowers, Paul Frizler, 2004 How long have psychotherapists been depicted in films Nearly as long as there have been films or psychotherapists for that matter This isn't surprising if one considers that the Freudian revolution in psychology and the invention of motion pictures occurred at about the same time What may be surprising is the sheer number of times that psychotherapists in their many guises have shown up in the movies and how their depiction has reflected changing social attitudes about psychotherapy over the last century This comprehensive worldwide filmography examines over 5000 movies Films in which mental health professionals appear or in which others act in that capacity are listed alphabetically A preface explains the criteria for a film's inclusion and a lengthy introduction and guide to the filmography explores the changing social attitudes mirrored by the movies Appendices list the titles by decade alternate titles for many films recent releases and qualifying adult films This text refers to Volume 2 of a two volume set Volume 2 includes entries from M through Z the appendices and index The complete set can be obtained under ISBN 0 7864 1297 6      **TV Guide** , 1988-02-05      *Art Directors in Cinema* Michael L.
