## **The Masterless Man:**

**To Make a Nation** Samuel Hutchison Beer, 1993 Samuel Beer reveals the provenance purpose and origins of the ideas of nationalism and federalism in American political philosophy. From the great English republicans of the 17th century to the conflicts of ideas that exist to this day he reveals unsuspected dimensions that have shaped and are still shaping America.

**Thorstein Veblen and the Revival of Free Market Capitalism** Janet T. Knoedler, Robert E. Prasch, Dell P. Champlin, 2007-01-01 The volume offers many interesting hints on which the reader may have cause to reflect. Tiziana Foresti History of Economic Ideas With the restoration of laissez faire as the governing principle of contemporary economic ideology and policy making Thorstein Veblen's insights are once again timely. This book revisits his legacy featuring original essays by renowned Veblen scholars. The contributors review and comment upon the subjects that concerned Veblen such as the legal system, finance and capital, the operation of markets, neoclassical economics, private property, cultural and economic change, the place of science and higher education. They consider how his evolutionary theory of the economy and society can continue to inform our understanding of our modern world. As an astute and highly capable observer Veblen shed light on our present system through a re-examination of a similar system. Students and scholars of economics will find this provocative book of great interest. It will also be a refreshing discussion for those frustrated by the gap between the rosy scenarios of conventional economics and the problems of inequality, conspicuous consumption, concentrated economic power and unresponsive government.

**The Anthem Companion to Thorstein Veblen** Sidney Plotkin, 2017-05-02 Amidst the global financial and political crises of the late twentieth and early twenty first centuries scholars have turned for insight to the work of the radical American thinker Thorstein Veblen. Inspired by an abundance of new research social scientists from multiple disciplines have displayed a heightened appreciation for Veblen's importance and value for contemporary social economic and political studies. The Anthem Companion to Thorstein Veblen is a stimulating addition to this new body of scholarship offering fresh material for ongoing reconsiderations of Veblen as a major theoretical resource for present day debates on epistemology, social evolution, values, higher education, capitalist development and politics.

**Sexual Dissidence** Jonathan Dollimore, 1991 Returning to the early modern period this study questions and develops issues of post modernity. It shows how literature histories and sub cultures of sexual and gender dissidence may be relevant to current debates and discusses topics ranging from homophobia to transgression and its containment.

**Macbeth** Nick Moschovakis, 2008-03-03 This volume offers a wealth of critical analysis supported with ample historical and bibliographical information about one of Shakespeare's most enduringly popular and globally influential plays. Its eighteen new chapters represent a broad spectrum of current scholarly and interpretive approaches from historicist criticism to performance theory to cultural studies. A substantial section addresses early modern themes with attention to the protagonists and the discourses of politics, class, gender, the emotions and the economy along with discussions of significant minor characters and less commonly examined

textual passages Further chapters scrutinize Macbeth's performance adaptation and transformation across several media stage film text and hypertext in cultural settings ranging from early nineteenth century England to late twentieth century China The editor's extensive introduction surveys critical theatrical and cinematic interpretations from the late seventeenth century to the beginning of the twenty first while advancing a synthetic argument to explain the shifting relationship between two conflicting strains in the tragedy's reception Written to a level that will be both accessible to advanced undergraduates and at the same time useful to post graduates and specialists in the field this book will greatly enhance any study of Macbeth Contributors Rebecca Lemon Jonathan Baldo Rebecca Ann Bach Julie Barmazel Abraham Stoll Lois Feuer Stephen Deng Lisa Tomaszewski Lynne Bruckner Michael David Fox James Wells Laura Engel Stephen Buhler Bi qi Beatrice Lei Kim Fedderson and J Michael Richardson Bruno Lessard Pamela Mason **Shakespeare Studies** Leeds Barroll,2000-11 Annual publication including essays and reviews of new books which deal with Shakespeare and his age *The Last Kingdom Series Books 4-6: Sword Song, The Burning Land, Death of Kings (The Last Kingdom Series)* Bernard Cornwell,2013-09-26 A brand new companion to the Last Kingdom series Uhtred's Feast is available to pre order now Start the epic journey today Books 4 5 and 6 in the epic and bestselling series that has gripped millions A hero will be forged from this broken land As seen on Netflix and BBC around the world *The English Utilitarians* Leslie Stephen,1900
