**Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office, 1972 [A Reference Guide for English Studies](#) Michael J. Marcuse, 1990-01-01 This ambitious undertaking is designed to acquaint students, teachers, and researchers with reference sources in any branch of English studies which Marcuse defines as all those subjects and lines of critical and scholarly inquiry presently pursued by members of university departments of English language and literature. Within each of 24 major sections, Marcuse lists and annotates bibliographies, guides, reviews of research, encyclopedias, dictionaries, journals, and reference histories. The annotations and various indexes are models of clarity and usefulness, and cross references are liberally supplied where appropriate. Although cost-conscious librarians will probably consider the several other excellent literary bibliographies in print, such as James L. Harner's *Literary Research Guide* (Modern Language Assn of America, 1989), larger academic libraries will want Marcuse's volume. These cumulative records are available in three separate sets. **Writings on American History, 1962-73** James R. Masterson, American Historical Association, 1985 This book provides a comprehensive listing of the book-length works published from 1962 to 1973 that are relevant to the study of American history and is organized into a subject classification system. This bibliography gives access to over 50,000 works on the history, the geography, and the political, social, and economic aspects of the United States: its people, its government, and its institutions. The entries cover the entire area now within the United States or under its jurisdiction, ranging from prehistoric times to 1973. *Introd. American Book Publishing Record Cumulative, 1950-1977* R.R.
