The Middle East A History:

The Middle East Sydney Nettleton Fisher, 1979 Praised for its straightforward and accessible style this text provides a general introduction to the chief elements in Middle Eastern history allowing readers to proceed into more specialized topics and themes with a solid understanding of the most current scholarship in the field

The Modern Middle East James L. Gelvin, 2005 In the wake of 11 September 2001 there has been much talk about the inevitable clash between East and West This book presents an alternative approach to understanding the genealogy of contemporary events By taking students and the general reader on a guided tour of the past five hundred years of Middle Eastern history this book examines how the very forces associated with global modernity have shaped social economic cultural and political life in the region Beginning with the first glimmerings of the current international state and economic systems in the sixteenth century *The Modern Middle East A History* explores the impact of imperial and imperialist legacies the great nineteenth century transformation cultural continuities and upheavals international diplomacy economic booms and busts the emergence of authoritarian regimes and the current challenges to those regimes on everyday life in an area of vital concern to us all Engagingly written drawing from the author's own research and other studies and stocked with maps and photographs original documents and an abundance of supplementary materials *The Modern Middle East A History* will provide both novices and specialists with fresh insights into the events that have shaped history and the debates about them that have absorbed historians

The Unmaking of the Middle East Jeremy Salt, 2008-07-09 Devastating in its portrayal of the depths to which the West France Britain and the US especially sank in conquering the Middle East Starting off with Huntington's quote about Islam's bloody borders Salt argues that it was the West that made these borders bloody though in the process it had no trouble finding native accomplices who helped wittingly or not Mehran Kamrava author of *The Modern Middle East* This will be of much use to general readers who are ill served by the preponderance of books in the marketplace that explain political events by recourse to stereotypical representations of Arabs and Islam while neglecting important historical events that define current political and social reality in the region None of the general history books on the Middle East offer comparable comprehensive details Joseph A Massad author of *Desiring Arabs* This excellent book is comprehensive in scope scholarly and yet highly readable Focusing on the damaging role of western policy in the Middle East well exemplified in the current debacle in Iraq It will be essential reading for students and historians of the region Ghada Karmi author of *Married to Another Man* Israel's Dilemma in Palestine Salt makes it abundantly clear that when it comes to the Middle East the West talks idealistically and acts brutally This excellent book should be required reading for future American policymakers thinking about invading another Arab or Islamic country John J Mearsheimer R Wendell Harrison Distinguished Service Professor of Political Science at the University of Chicago

The Middle East Bernard Lewis, 2009-12-15 Renowned historian Bernard Lewis charts the history of the Middle East over the last 2 000 years from the birth of Christianity through the modern era focusing on the successive transformations

that have shaped it Drawing on material from a multitude of sources including the work of archaeologists and scholars Lewis chronologically traces the political economical social and cultural development of the Middle East from Hellenization in antiquity to the impact of westernization on Islamic culture Meticulously researched this enlightening narrative explores the patterns of history that have repeated themselves in the Middle East From the ancient conflicts to the current geographical and religious disputes between the Arabs and the Israelis Lewis examines the ability of this region to unite and solve its problems and asks if in the future these unresolved conflicts will ultimately lead to the ethnic and cultural factionalism that tore apart the former Yugoslavia Elegantly written scholarly yet accessible this is the most comprehensive single volume history of the region ever written from the world s foremost authority on the Middle East **“The” Middle East** Sydney Nettleton Fisher,1959 *The Modern Middle East* Camron Michael Amin,Benjamin C. Why have state building projects across the MENA region proven to be so difficult for so long Following the end of the Ottoman Empire in the early 1920s the countries of the region began a violent and divisive process of state formation But a century later state building remains inconclusive This book traces the emergence and evolution of state building across the MENA region and identifies the main factors that impeded its success the slow end of the Ottoman Empire the experience of colonialism and the rise of nationalistic and religious movements The authors reveal the ways in which the post colonial state proved itself authoritarian and formed on the model of the colonial state They also identify the nationalist and Islamist movements that competed for political leadership across the nascent systems enabling the military to establish a grip on the security apparatus and national economies Finally in the context of the Arab Spring and its conflict filled aftermath this book shows how external powers reasserted their interventionism In outlining the reasons why regional states remained hollow and devoid of legitimacy each of the contributors shows that recent conflicts and crises are deeply connected to the foundational period of one century ago Edited by Mohammad Mahmoud Ould Mohamedou the volume features contributions by stellar scholars including Faleh Abdel Jabar Lisa Anderson Bertrand Badie Fran ois Burgat Benoit Challand Ahmad Khalidi Henry Laurens Bruce Rutherford Jordi Tejel and Ghassan Salam
