James Alfred Schultz

Envy Of Angels Cathedral Schools And Social Ideals In Medieval Europe 950 1:

The Envy of Angels C. Stephen Jaeger, 2013-08-31 Before the rise of universities cathedral schools educated students in a course of studies aimed at perfecting their physical presence their manners and their eloquence The formula of cathedral schools was letters and manners *litterae et mores* which asserts a pedagogic program as broad as the modern letters and science The main instrument of what C Stephen Jaeger calls charismatic pedagogy was the master s personality his physical presence radiating a transforming force to his students In *The Envy of Angels* Jaeger explores this intriguing chapter in the history of ideas and higher learning and opens a new view of intellectual and social life in eleventh and early twelfth century Europe

Latinitas Perennis. Volume I: The Continuity of Latin Literature Jan Papy, Wim Verbaal, Yanick Maes, 2006-10-31 This volume deals with the question of the continuity of Latin literature throughout its history For the first time contributions are brought together from each of the three fields within the studies of Latin literature Classical Medieval and Neo Latin reflecting on problems such as the transmission of the Latin heritage the creation and perpetuation of a classical normativeness and the reactions against it The book is divided into three parts corresponding to the theoretical principle of organic development Beginnings Perfections Transitions thus questioning the validity of a similar evolutionistic model Because of the numerous points of contact between Latin and the national literatures the volume is of particular relevance for the studies of the European literary history Contributors include Davide Canfora Perrine Galand Hallyn Sander Goldberg Thomas Haye Marc van der Poel Michael Roberts Francesco Stella Wim Verbaal Gregor Vogt Spira and Jan Ziolkowski

Liber Contra Wolfelmum Manegold (von Lautenbach), 2002 Among those who denounced the study of the philosophical tradition of classical antiquity was Manegold of Lautenbach He aimed his fiery polemical tract the *Liber contra Wolfelmum* at a master from Cologne who glorified the ancients while siding with the Holy Roman Emperor Henry IV 1056 1106 against Pope Gregory VII 1073 1085 in the struggle known as the Investiture Controversy *Latinitas Perennis* Wim Verbaal, Yanick Maes, Jan Papy, 2007 This volume unites for the first time contributions from the three fields of Latin literature Classical Medieval and Neo Latin reflecting on its continuity Its particular interest for the studies of European literary history lies in the interactions between Latin and the national literatures

A Companion to the Abbey of Saint Victor in Paris, 2017-09-25 Bringing together the research of several eminent scholars *A Companion to the Abbey of Saint Victor in Paris* seeks to provide a deep introduction to the significance scope and reach of the abbey s influence in the twelfth century and beyond Sixteen chapters introduce the history of the abbey from its beginnings through the reception of its major writings Chapters are grouped in the areas of the life and ministry of Victorine canons the abbey s contributions to biblical exegesis sacramental and theological teachings and the Victorine understanding of Christian life and prayer Such a thorough introduction to the Abbey of Saint Victor has never before been published Contributors are David Albertson Rainer Berndt Boyd Taylor Coolman Marshall Crossnoe Torsten K Edstam Christopher P Evans Margot E Fassler Hugh Feiss Karin Ganss

Franklin T Harkins Donna R Hawk Reinhard C Stephen Jaeger Juliet Mousseau Dominique Poirel Patrice Sicard and Frans van Liere **Reading Medieval Images** Elizabeth Sears, Thelma K. Thomas, 2002 Contemporary approaches to analyzing art as applied to medieval works Roger Bacon and the Defence of Christendom Amanda Power, 2013 The English Franciscan Roger Bacon c 1214-92 holds a controversial but important position in the development of modern science He has been portrayed as an isolated figure at odds with his influential order and ultimately condemned by it This major study the first in English for nearly sixty years offers a provocative new interpretation of both Bacon and his environment Amanda Power argues that his famous writings for the papal curia were the product of his critical engagement with the objectives of the Franciscan order and the reform agenda of the thirteenth century church Fearing that the apocalypse was at hand and Christians unprepared Bacon explored radical methods for defending renewing and promulgating the faith within Christendom and beyond Read in this light his work indicates the breadth of imagination possible in a time of expanding geographical and intellectual horizons **The Medieval Mediterranean City** Felicity Ratté, 2021-08-31 This book is a study of architecture and urban design across the Mediterranean Sea from the 12th to the 14th Century a time when there was no single hegemonic power dominating the area The focus of the study four cities on the Italian peninsula and four in Syria and Egypt is the interconnectedness of the design and use of urban structures streets and open space Each chapter offers an historical analysis of the buildings and spaces used for trade education political display and public action The work includes historical and social analyses of the mercantile social political and educational cultures of the eight cities highlighting similarities and differences between Christian and Islamic practices Sixteen new maps drawn specifically for this book are based on the writings of medieval travelers *Manuscripts and Monastic Culture* Alison I. Beach, 2007 Each of the studies in this volume draws upon a manuscript or a group of manuscripts that shed light on the practice of monastic life during this period of reform Many but not all of the papers focus on the monastery of Admont in central Austria Admont was one of the most important spiritual cultural and intellectual centres in the high Middle Ages and its magnificent library still houses an extensive collection of manuscripts a rich resource both for the history of the monastery and for the broader history of medieval religious life The book brings together the work of an international group of scholars whose work touches on various aspects of twelfth century Admont and the broader movement for reform and renewal in Germany and Austria With the publication of Charles Homer Haskins' important work *The Renaissance of the Twelfth Century* 1933 came a new way of looking at the civilization of the high Middle Ages Scholars have since investigated many aspects of this revival the rise of the universities the development of canon law the emergence or re-emergence of a heightened sense of human individuality and the revival of religious fervour that has been labelled a reformation before the Reformation Much of this scholarly work has focused on north central Italy France and England Germany however has been little studied in this context in part because the nature and trajectory of the reform there differed from that seen elsewhere in Europe The essays

in the book both explore connections between Germanic lands and the wider western European context and consider the unique spiritual and intellectual climate of Germany's monasteries **Historia** Tuomas M. S. Lehtonen, Päivi Mehtonen, 2000 *Socialising the Child in Late Medieval England, C. 1400-1600* Merridee L. Bailey, 2012 The question and procedures of integrating children into wider society during the medieval and early modern period are debated across a wide range of contemporary texts This study examines ways in which vernacular literature provided a guide to socialising children

Arts & Humanities Through the Eras Kristen Mossler Figg, John Block Friedman, 2005 Through the presentation of nine different arts and humanities topics such as architecture and design literature religion and visual arts this volume describes the two cultural movements of the Age of Baroque and Enlightenment from 1600 to 1800 Listening, 1997

Byzantine Hermeneutics and Pedagogy in the Russian North Robert Romanchuk, 2007-12-29 The Kirillov Monastery at White Lake in the far north of the Muscovite state was home to the greatest library and perhaps the only secondary school in all of medieval Russia This volume reconstructs the educational activities of the spiritual fathers and heretofore unknown teachers of that monastery Drawing on extensive archival research published records and scholarship from a range of fields Robert Romanchuk demonstrates how different habits of reading and interpretation at the monastery answered to different social priorities He argues that spiritual and worldly studies were bound to the monastery's two main forms of social organization semi hermitic and communal Further Romanchuk contextualizes such innovative phenomena as the editing work of the monk Efrosin and the monastery's strikingly sophisticated library catalogue against the development of learning at Kirillov itself in the fifteenth century moving the discussion of medieval Russian book culture in a new direction The first micro historical ethnology of reading in the Early Slavic field Byzantine Hermeneutics and Pedagogy in the Russian North will prove fascinating to western medievalists Byzantinists Slavists and book historians *Arts & Humanities Citation Index*, 2000 International Bibliography of Book Reviews of Scholarly Literature Chiefly in the Fields of Arts and Humanities and the Social Sciences, 1996 *Friars, Scribes, and Corpses* Kimberly J. Vrudny, 2010 The *Speculum humanae salvationis* Mirror of Human Salvation a medieval book recounting in forty five chapters the story of human redemption within the larger context of the Virgin Mary's life was something of a best seller in the Middle Ages surviving in over 400 copies Because the author wrote anonymously however little about the book's initial context is known despite a century's long effort to uncover the author's identity *Friars Scribes and Corpses* investigates a Marian confraternal setting for the *Speculum*'s emergence and newly proposes consideration of Nicola da Milano as the poem's author Its central chapters show how the scribes who copied the *Speculum* preserved the author's rhetorical considerations that served so well the purposes of Marian confraternal preaching including elements that suit memory training techniques used in the Middle Ages such as building an architectural structure in one's mind tagging memories with emotion and internalizing the transformative nature of spiritual lessons The final chapter asserts that the poem's lessons would have been particularly desired in the context of

plague when the number of corpses threatened to destroy people's faith in a merciful God. Friars, Scribes and Corpses challenges assumptions about the *Speculum* as well as the dominantly held view that there was an overwhelming emphasis on death in the late medieval period. Rather, this book demonstrates that there was a competing emphasis on life as glimpsed in the glass of the *Speculum*. **The American Benedictine Review**, 2015. *The British National Bibliography*. Arthur James Wells, 2002. *Sovereignty and Salvation in the Vernacular, 1050-1150*. James Alfred Schultz, 2000. These texts will be of interest because they represent a kind of writing at the intersection of ecclesiastical and secular power, drawing on the whole range of medieval Latin learning yet written in vernacular verse that is not found elsewhere in the European Middle Ages. In addition, they may be of use in teaching since, although relatively short, they illustrate a great number of characteristic medieval ways of writing and can be linked to a number of quite remarkable historical figures.

The Enigmatic Realm of **Envy Of Angels Cathedral Schools And Social Ideals In Medieval Europe 950 1**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic.
