Honey And The Hemlock Democracy And Paranoia In Ancient Athens And Modern America:

The Honey And The Hemlock Eli Sagan, 1991-11-05 Democracy is a miracle Eli Sagan writes considering human psychological disabilities To shed light on this miracle Sagan focuses on the world's first democratic society Athens and mounts a compelling argument that Athens and the modern American republic although separated by more than two thousand years share the same fundamental moral and psychological dilemmas Athens was a paradoxical society Sagan maintains Obedient to the rule of law concerned with social justice remarkably tolerant it displayed an unprecedented psychological maturity Yet at the same time it was an imperialist state capable of genocidal action against other Greek states that rested on the labor of thousands of slaves and treated women as political and social pariahs The Honey and the Hemlock probes this profound mystery exploring the intimate connection between political paranoia and a society's capacity or incapacity for democratic behavior Sagan offers provocative observations drawn from the Athenian and American experience about the rule of elites the political psychology of war and imperialism the boundaries of social justice and the roles of gain honor and wisdom as ruling political passions A cautionary tale of ancient Greece and the ongoing struggle for democracy today The Honey and the Hemlock is a fascinating account of the struggle between the rational and irrational in our public life

The Honey and the Hemlock Eli Sagan, 2001-05-01 **Platonic Political Art** John R. Wallach, 2010-11-01 In this first comprehensive treatment of Plato's political thought in a long time John Wallach offers a critical historicist interpretation of Plato Wallach shows how Plato's theory while a radical critique of the conventional ethical and political practice of his own era can be seen as having the potential for contributing to democratic discourse about ethics and politics today The author argues that Plato articulates and solves his Socratic Problem in his various dialogues in different but potentially complementary ways The book effectively extracts Plato from the straightjacket of Platonism and from the interpretive perspectives of the past fifty years principally those of Karl Popper Leo Strauss Hannah Arendt M I Finley Jacques Derrida and Gregory Vlastos The author's distinctive approach for understanding Plato and he argues for the history of political theory in general can inform contemporary theorizing about democracy opening pathways for criticizing democracy on behalf of virtue justice and democracy itself

Athenian Political Thought and the Reconstruction of American Democracy J. Peter Euben, John R. The Power of Love and Democracy in the Philosophies of Martin Luther King, Jr. and Cornel West Timothy L. Lake, 2025-09-18 This book locates an ethic of love as central to the democratic philosophies of Martin Luther King Jr and Cornel West While much has been written about King's moral vision social activism and theology there has been no book length treatment of the

implications of his thinking to democratic theory Additionally Cornel West is the leading African American public intellectual of our time but the range of his cultural criticism and academic scholarship obscures his intellectual and social projects This project synthesizes West s vast corpus and places him within the modern African American intellectual tradition he shares with Du Bois King Maulana Karenga the creator of Kwanza and others Deeply grounded in the African American intellectual and philosophical traditions in which King and West are rooted as well as the Western mainstream political philosophical traditions in which they were educated this book offers a penetrating interpretation and comparative analysis of their thought on the ideals of democracy and of their critiques of American democracy It also reflects on the nature and values of democracy exploring how love is inseparable from justice in a democratic society **The Paranoid Apocalypse** Richard Landes,Steven T.
