Discourse and the Construction of Society Bruce Lincoln,2014 In this new edition of his seminal theoretical work on myth ritual and classification Bruce Lincoln explores the ways in which these narratives and practices hold human societies together and how in times of crisis they can be used to take a society apart and reconstruct it The second edition includes three new chapters new images and an updated bibliography **Rumours of Revolt** Rosanne M. Baars,2021-03-15 This book explores the reception of foreign news during the late sixteenth century civil wars in France and the Netherlands Analysing a large body of French and Dutch chronicles Rosanne Baars innovatively demonstrates that the wider public was well aware of events abroad though interest in foreign conflicts was far from constant She sheds new light on the connections between the Dutch Revolt and the French Wars of Religion contemporaries were gradually more inclined to see these wars as part of an international struggle Baars argues that these times of civil war made inhabitants of both countries more apt at distinguishing rumour from reliable reports thus contributing to the emergence of a public of critical news consumers Christopher Marlowe Richard Wilson,2014-07-15 Christopher Marlowe has provoked some of the most radical criticism of recent years There is an elective affinity it seems between this pre modern dramatist and the post modern critics whose best work has been inspired by his plays The reason suggested by this collection of essays is that Marlowe shares the post modern preoccupation with the language of power and the power of language itself As Richard Wilson shows in his introduction it is no accident that the founding essays of New Historicism were on Marlowe nor that current Queer Theorists focus so much on his images of gender and homosexuality Marlowe staged both the birth of the modern author and the origin of modern sexual desire and it is this unique conjunction that makes his drama a key to contemporary debates about the state and the self from pornography to gays in the military Gay Studies Cultural Materialism New Historicism and Reader Response Criticism are all represented in this selection which the introduction places in the light not only of theorists like Althusser Bataille and Bakhtin but also of artists and writers such as Jean Genet and Robert Mapplethorpe Many of the essays take off from Marlowe s extreme dramatisations of arson cruelty and aggression suggesting why it is that the thinker who has been most convincingly applied to his theatre is the philosopher of punishment and pain Michel Foucault Others explore the exclusiveness of this all male universe and reveal why it remains so offensive and impenetrable to feminism For what they all make disturbingly clear is Marlowe s violent untamed difference from the clich s and correctness of normative

Klauber,2023-08-15 In the newest volume of the Reformed Historical Theological Studies series twelve historians survey the history and doctrine of the French Reformation **Philip II** Geoffrey Woodward,2013-11-14 Any assessment of Philip II s rule assumes the appearance of a paradox In analysing the nature and impact of Philip II s rule and government the author seeks to examine the extent of the changes in royal finance the economic and social issues the impact of religion both within Spain and throughout its Empire and the aims and motives behind the king s foreign policy The Massacre of St. Bartholomew and the European Conflict, 1559-1572 Nicola Mary Sutherland,1973 *Rebellion, Repression, Reinvention* Jane Hathaway,2001-07-30 This is the first book to address the topic of mutiny in and of itself or to present mutiny in a comparative framework The fourteen contributors a mixture of military social and political historians examine instances of mutiny that occurred from ancient to modern times and on nearly every continent Their findings call into question standard definitions of mutiny while shedding new light on the patterns that mutiny tends to take as well as the interactions that can occur between mutinous soldiers and surrounding civilian societies While standard definitions of mutiny emphasize mass defiance by rank and file soldiers of the orders of their military superiors the essays here demonstrate that mutiny can often take other forms Mutiny could consist of mass desertion insurgency in the face of competing military and political authorities or lengthy strings of strikes and assassinations against military and political superiors The threat of mutiny furthermore could be as potent as an actual outbreak Areas studied include early modern Europe the Ottoman Empire the antebellum United States the British Empire revolutionary Russia the emerging nation states of Latin America imperial and Communist China fascist Italy war torn Vietnam and Nasser s Egypt In the concluding section contributors assess commemorations of mutiny and how they are modified or distorted in the process of their incorporation into official and popular memory *Memoirs of the American Philosophical Society* ,1984 **The Library Journal Book Review** ,1977 Library of Congress Catalogs Library of Congress,1976 Russell's History of Modern Europe Epitomised, Being a Complete Text-book of Modern History William Russell,George Henry Townsend,1858 **The Publishers' Trade List Annual** ,1977 The Massacre of St. Bartholomew and the European Conflict, 1559-1572 Nicola Mary Sutherland,1973 *The British National Bibliography* Arthur James Wells,1973 **Вековые конфликты** Ефим Борисович Черняк,1988 **Guerre di religione sulle scene del Cinque-Seicento** Maria Chiabò,Federico Doglio,2006 **Great names in European history** William Henry Davenport Adams,1884 *The Catholic Periodical and Literature Index* ,1975
