The Master Plan:

The Master Plan: Ten Secrets to Success John Louis Slack, 2012-11 Many people never fulfill their potential but it's not because they lack intelligence or drive. They just never develop a master plan to enjoy and achieve success. Dr. John Louis Slack shares ten proven strategies to help you build a master plan in this inspirational autobiography. You'll learn how to identify prerequisite strategies to building a master plan, exhibit qualities that make others believe in your abilities, harness social and emotional intelligence, and respond to new situations and life transitions. By building a plan and always focusing on it, Slack overcame every obstacle and achieved true success. Join him as he looks back at growing up in rural Pennsylvania and learning the importance of family, appreciating what you have, and hard work. You can't achieve personal and professional success until you learn the strategies in this guidebook to living.
