**The Many-Headed Hydra** Marcus Rediker, Peter Linebaugh, 2020-05-05 Long before the American Revolution and the Declaration of the Rights of Man a motley crew of sailors slaves pirates labourers market women and indentured servants had ideas about freedom and equality that would forever change history The Many Headed Hydra recounts their stories in a sweeping history of the role of the dispossessed in the making of the modern world *The Methodists and Revolutionary America, 1760-1800* Dee Andrews, 2002-03-31 The Methodists and Revolutionary America is the first in depth narrative of the origins of American Methodism one of the most significant popular movements in American history Placing Methodism's rise in the ideological context of the American Revolution and the complex social setting of the greater Middle Atlantic where it was first introduced Dee Andrews argues that this new religion provided an alternative to the exclusionary politics of Revolutionary America With its call to missionary preaching its enthusiastic revivals and its prolific religious societies Methodism competed with republicanism for a place at the center of American culture Based on rare archival sources and a wealth of Wesleyan literature this book examines all aspects of the early movement From Methodism's Wesleyan beginnings to the prominence of women in local societies the construction of African Methodism the diverse social profile of Methodist men and contests over the movement's future Andrews charts Methodism's metamorphosis from a British missionary organization to a fully Americanized church Weaving together narrative and analysis Andrews explains Methodism's extraordinary popular appeal in rich and compelling new detail *Rebels, Reformers, and Revolutionaries* Douglas R. Egerton, 2013-09-13 This collection of essays examines the lives and thoughts of three interrelated Southern groups enslaved rebels conservative white reformers and white revolutionaries presenting a clear and cogent understanding of race reform and conservatism in early American history **Outlaws of the Atlantic** Marcus Rediker, 2014-09-01 Outlaws of the Atlantic turns maritime history upside down exploring the dramatic world of seafaring adventure not from the perspective of admirals merchants and other builders of empire but rather from the point of view of common people whose labors made that world possible sailors slaves indentured servants pirates and other outlaws whose formative experiences at sea are brought together for the first time Against long dominant national histories this book shows that important historical processes transpired on the vast nationless commons called the sea the rise of capitalism the formation of race and class and the creation from below of oppositional cultures that promised more just and democratic ways of life *The Many-Headed Hydra* Peter Linebaugh, Marcus Rediker, 2013-09-03 Winner of the International Labor History Award Long before the American Revolution and the Declaration of the Rights of Man a motley crew of sailors slaves pirates laborers market women and indentured servants had ideas about freedom and equality that would forever change history The Many Headed Hydra recounts their stories in a sweeping history of the role of the dispossessed in the making of the modern world When an unprecedented expansion of trade and colonization in the early seventeenth century launched the first global economy a vast

diverse and landless workforce was born These workers crossed national ethnic and racial boundaries as they circulated around the Atlantic world on trade ships and slave ships from England to Virginia from Africa to Barbados and from the Americas back to Europe Marshaling an impressive range of original research from archives in the Americas and Europe the authors show how ordinary working people led dozens of rebellions on both sides of the North Atlantic The rulers of the day called the multiethnic rebels a hydra and brutally suppressed their risings yet some of their ideas fueled the age of revolution Others hidden from history and recovered here have much to teach us about our common humanity
