The Mechanics Of Independence Patterns Of Political And Economic Transformation In Trinidad And Tobago:

The Mechanics of Independence Arthur Napoleon Raymond Robinson,2001 If any doubt remains the story of Trinidad and Tobago should dispel the illusion that money and technical assistance can launch a new station in the world community This work seeks to probe the interplay of political and social factors on national development with commitment and detachment

Trade Investment and Development in the Contemporary Caribbean Bhoendradatt Tewarie,Roger Hosein,2007 Small open economies like those making up the countries of the Caribbean region share a number of fundamental problems of economic management which ultimately affect the entire development process Co authors Bho Tewarie and Roger Hosein use Trinidad and Tobago and the management of its energy resources as a case study to examine some of the development challenges that face countries of the region They make the point that in spite of that country s abundant energy resources which has allowed it to grow at a comparatively rapid rate Trinidad and Tobago like lesser endowed CARICOM partners has had to cope with challenges such as diversification human development managerial capacity and institutional weakness all of which contributed to seven consecutive years of decline between 1983 and 1990 Not only is the availability of resources no guarantee for economic success it also creates unique problems and in the case of Trinidad and Tobago this is manifested in uneven development in the energy sector compared to other sectors of the economy and society While the volume focuses on Trinidad and Tobago there is ample discussion of a range of issues that affect the entire region extending from trade within CARICOM to globalization open regionalism relations with the United States human capital formation and the role of education systems and educational policy in the development process Tewarie and Hosein combine their talents and research in the areas of economics culture education literature trade and investment and development generally to produce a volume that is rich in data and insights into the development process

Statehood à la Carte in the Caribbean and the Pacific Jack Corbett,2023-04-15 This book explains how leaders in the Caribbean and Pacific regions balance the autonomy viability dilemma of postcolonial statehood that political self determination is a hollow achievement unless it is accompanied by economic development by practising statehood la carte

Previous research has focused on the pursuit of decolonial self determination through and above the nation state via regionalism and internationalism or by creating non sovereign alternatives to it This book looks at how communities have sought the same goals below the state including via secession and devolution Downsizing is typically portrayed as the antithesis of progressive cosmopolitan internationalism and employed as evidence for the claim that the age of anticolonial self determination has ended In this book Jack Corbett shows how these movements are animated by similar ideas and motivations that are rendered viable by the simultaneous pursuit of regional integration and forms of non sovereignty He argues that the la carte pursuit of political and economic independence through above and below the state and via non sovereign alternatives to it is a pragmatic response to the contradictions inherent to coloniality *Dependency Under Challenge* Anthony Payne,Paul K. Sutton,1984 Articles on development theory and the economic policy of dependence in the Commonwealth Caribbean examines political developments in Jamaica democratic socialism Trinidad and Tobago oil capitalism Guyana cooperative socialism and Grenada the New Jewel Revolution discusses regional level economic integration industrial planning and CARICOM studies international relations with USA UK EC and Latin America and the role of the Commonwealth Caribbean in a New International Economic Order Map *Catalogus der Koloniale Bibliotheek van het Koninklijk Instituut voor de Taal-, Land- en Volkenkunde van Ned.
