**The Merchant and the Parrot** Nossrat Peseschkian,1979      *The Gift of Stories* Robert Atkinson,1995-05-30 The stories we tell about ourselves are guided by cultural patterns and enduring elements The current interest in mythology has made evident how the classic hero s journey represents a theme not only common to all the world s myths but also our own lives today The Gift of Stories offers a clear concise basis for understanding the nature and potential of sharing our stories It provides specific practical instructional details for telling our own stories and gives the necessary guidelines for assisting others in telling their life stories Its basic framework enables individuals with little experience to begin writing about the really important aspects of their lives and understanding how and why the universal elements of the stories we tell contribute to our continuing growth      *Positive Family Therapy* Nossrat Peseschkian, MD,2016-08-23 The book Positive Family

Therapy Positive Psychotherapy Manual for Therapists and Families focuses on the given capacity of the family as a whole to deal with conflicts within the family and the afflictions of its members through group discussions Revised edition International Academy for Positive and Transcultural Psychotherapy Peseschkian Foundation Wiesbaden Germany

*Positive Family Therapy* Nossrat Peseschkian,2012-12-06 The author s principal aim is to win over the patient through the development of the positive aspects of his psychopathology a concern the significance of which I have also discovered especially in schizophrenic therapy It is in this specific sense that Peseschkian speaks of positive psychotherapy His model is a notable synthesis of psychodynamic and behavior therapeutic elements making an essential contribution to unified relationships within psychotherapy In this way Peseschkian is attempting not to directly confront the patient s resistances The consultation takes place in a loving way through allusions to poetry proverbs and oriental fairy tales and myths to which Peseschkian as a Persian has direct access His ability to offer his patient a great treasure of handed down wisdom knows no bounds Anyone who has personally experienced the author s therapeutic enthusiasm and optimism will understand why this method of short psychotherapeutic procedure is highly successful in its effects Professor Gaetano Benedetti M D      The
