## **The Martians:**

**The Martians of Science** István Hargittai, 2008 Hargittai tells the story of five remarkable Hungarians Wigner won a Nobel Prize in theoretical physics Szilard was the first to see that a chain reaction based on neutrons was possible initiated the Manhattan Project but left physics to try to restrict nuclear arms von Neumann could solve difficult problems in his head and developed the modern computer for more complex problems von Kármán became the first director of NASA's Jet Propulsion Laboratory providing the scientific basis for the U.S. Air Force and Teller was the father of the hydrogen bomb whose name is now synonymous with the controversial Star Wars initiative of the 1980s *The Martians* Nick Redfern, 2020-10-01 This provocative and exciting book makes a startling case for there being life on Mars Whitley Strieber 1

New York Times bestselling author of *Communion* *The Martians* is an in-depth study of the theory that Mars was once a world that teemed with life Perhaps even life not too dissimilar to ours Incredibly the Martians may still be there Alive The questions that this book asks and answers include the following What kind of society did the Martians have What caused their world to become harsh and desert-like Did global warming or nuclear war ensure the extinction of the Martians Are Martian artifacts strewn about the surface just waiting to be found by the likes of NASA Has NASA already found such evidence but chosen to withhold such monumental finds from the public and the media Could some form of the Martians still exist deeply below the surface of the planet in secure installations that allow them to ensure their civilization continues What do we know about the Martian environment its atmosphere and its landscape *The Martians* explores the CIA's top secret search for the Martians multiple photos of strange anomalies and the latest revelations about the environment and water on Mars And most tantalizing of all Did an ailing Martian race come to Earth in past eons and were they confused with gods The questions concerning life on Mars then and now are many The answers are astounding *Mr. Wells & the Martians* Kevin J. Anderson, 2020-01-06 In this science fiction adventure by a New York Times bestselling author H.G. Wells leads a group of scientists against an alien invasion Millions thrilled to H.G. Wells's brilliant account of the Martian invasion But what if that account proved not to be fiction What if he sought to warn us of impending doom In the wake of the first Martian assault H.G. Wells has united with scientists Thomas Huxley and Doctor Moreau astronomer Percival Lowell and Hawley Griffin the Invisible Man They seek a weapon that will stem the tide of the invasion tough their path may take them from the streets of London to the treacherous sands of the Sahara and then to the Moon itself Praise for Mr. Wells's *The Martians* Captures the spirit of the age of invention and literary imagination Library Journal Ingenious A tight brisk tale SciFiDimensions Wells and Anderson fans should be delighted Booklist *The Martians* Kim Stanley Robinson, 2003-05-27 Kim Stanley Robinson's Mars trilogy is one of science fiction's most honored stories with *Red Mars* winning the distinguished Nebula Award and both *Green Mars* and *Blue Mars* honored with the Hugo Now Robinson returns to the realm he has made his own the planet Mars in a brilliantly imagined drama with a searing poetic vision From a training mission in Antarctica to blistering sandstorms

sweeping through labyrinths of barren canyons the interwoven stories of The Martians set in motion a sprawling cast of characters upon the surface of Mars As the planet is transformed from an unexplored and forbidding terrain to a troubled image of a re created Earth we meet the First Hundred explorers men and women who are bound together by Earth s tenuous toehold on Mars Presenting unforgettable stories of hope and disappointment of fierce physical and psychological struggles The Martians is an epic chronicle of a planet that represents one of humanity s most glorious possibilities Praise for The Martians A uniquely rewarding experience of state of the art science fiction The New York Times Book Review No one familiar with Robinson s trilogy can read through these final valedictory stories without feeling moved The Washington Post The stories are beautifully written the characters are well developed and the author s passion for ecology manifests itself on every page Publishers Weekly starred review **The Voice of the Martians** George Marx,2001 **The Chap-book**
