## **The Master Game:**

**Seven Games of Life** Richard Smoley, 2023-05-16 An eclectic spicy smorgasbord of philosophical food for thought  
KIRKUS REVIEWS Life can seem to be a serious business We could also look at it as a game or a series of games They include survival love power pleasure courage creativity and the Master Game In this insightful book Richard Smoley gives a lively but profound account of these games He talks about how we play them the mistakes we make and how we can play them best The culmination is the Master Game Richard explores practices from the great spiritual traditions to show how to reach this mastery If you play this game you will reach new heights of wisdom courage kindness and performance Richard the author of thirteen books including *G D s Introduction to the Occult* interweaves ideas from great thinkers and traditions with his own dry and irreverent wisdom gleaned from forty years of study and practice to show how to play the most important game of all There is only one question what are we to make of this life Most books that aim to help with that central question fail because they amount to lists eat this pray to that think about the other thing follow one truth carry this thingamabob Richard Smoley offers something better It is like a conversation with a wise friend who trusts you talking about this reality so you're better able to relate to the ones beyond
