The Mermans Children:

The Merman's Children Poul Anderson, 2011-09-29 In the waning years of the Middle Ages before Christendom had completely scoured the world of magic both Faery and Man lived on Europe's shores This is the story of those last days of the halfling children of the Liri king who were of both realms but chose the one we call the other of how they schemed and fought for survival hounded from the Baltic to the ice caves of Greenland to the Mediterranean coast of how they loved and how they died It is the epic master piece the adventure at once erotic violent and magnificently sad that Poul Anderson has always wanted to write

The Merman's Children Poul Anderson, 2014-12-30 The last of the merfolk scour Earth for a new home to call their own The underwater city of Liri has thrived off the coast of Denmark for generations But now as Europe's medieval age comes to a close the efforts of zealous priests and the destructive ringing of church bells are causing the city to crumble An ageless people who thrived apart from the cruelty of human existence on land the merfolk are poetic speakers loving and loyal nearly impervious to death but with one great deficiency They lack souls Their numbers dwindling the merpeople scatter Some abandon their home for the coast of Dalmatia in the Adriatic Sea while others the half human half seaborne children of the great merfolk king Vanimen decide to scout alien territory on land for adventure treasure and clues to their lost human heritage

Poetics of Irish Children's Literature Nancy Watson, 2009 Although the work of many contemporary Irish writers for children is often complex and sophisticated there is currently very little critical analysis to do it justice The aim of this book is to redress that situation and to prove that the best writing for children is no less complex and well written than the best adult fiction and offers valuable material for theoreticians With a detailed examination of selected texts by six Irish writers for children the book explores the reciprocal relationship between the different time and place of the child reader and the complexity and multiplicity of the world of the adult writer It suggests that putting the different forms of experience in dialogue with each other promotes a new understanding because it allows for other points of view and other ways of seeing This book also suggests that the way in which these writers implement the potential of the child reader's different

perspective refutes the idea of the impossible relation between adult and child The opening chapter explores the attempt to re create childhood and adolescence in a range of Irish memoir and fiction **Oriental Tales: The book of the thousand nights and one night**, 1884 **The Book of the Thousand Nights and a Night** Leonard Charles Smithers, 1894 *The book of the thousand nights and one night* Arabian nights, 1884 **The Practical Teacher**, 1883 **The Monsters of the**
