

O Come, All Ye Faithful

(Adeste Fideles)

1

John Francis Wade (1711 - 1786)
Arranger: Guilherme Facchetti (*1986)

The musical score is arranged for Violin and Classical Guitar. It is written in the key of D major (one sharp) and 4/4 time. The score is divided into four systems, each containing a Violin (Vn.) staff and a Classical Guitar (C. Gtr.) staff. The first system shows the initial entry of the guitar with a series of chords and eighth notes, while the violin rests. The second system begins at measure 9, where the violin enters with a melody of eighth and quarter notes. The third system begins at measure 17, continuing the violin melody and guitar accompaniment. The fourth system begins at measure 24, showing the final measures of the excerpt. The guitar part provides a steady harmonic and rhythmic foundation throughout, using various chord voicings and melodic lines.

A Faithful Beat

Judith Marie Kubicki

A Faithful Beat:

The New sporting magazine ,1840 **Liturgical Music as Ritual Symbol** Judith Marie Kubicki,1999 In this book Sister Kubicki uses Jacques Berthier's Taizé music to explore the nature of liturgical music as ritual symbol. She carries out a hermeneutical analysis of Berthier's chants and examines biographical and historical data related to the creator's of Taizé music and the founding of the Taizé community. The author draws on five areas of study to interpret the Taizé chants as ritual symbol: symbol theory, semiotics, theologies of symbol, ritual theory, and performative language theory. The final chapter explores potential ecclesial meanings which may be mediated in the Taizé liturgy and the role of Berthier's chants in mediating that meaning. The study concludes that it is music's symbolic property that enables it to be both ministerial and integral to the liturgy. As symbolic activity, music making evokes participation, negotiates relationships, and enables the assembly to orient themselves and to find their identity and place within their world. Furthermore, music making provides the illocutionary force to do something in the act of singing. Thus it is that as part of a complexus of ritual symbols, music interacts with other symbols in mediating the liturgy's meaning.

The Words and Music of Bob Marley David V. Moskowitz,2007-02-28 Throughout his life and perhaps even more since his death in 1981 at the age of 36, Bob Marley's music has demonstrated a unique ability to combine with almost any cultural setting, no matter how different the elements might at first appear. Through his adaptable yet enduring musical messages, he represents an especially articulate type of singer-songwriter. Marley released a large quantity of introspective autobiographical material at the height of his success, and it is thus only in a work such as this in which the artist is investigated through his recorded output that one can understand who this great man truly was and what he hoped to achieve through his life and music. Time magazine made Bob Marley's impact strikingly clear when it named *Exodus* the most important album of the 20th century. Throughout his life and perhaps even more since his death in 1981 at the age of 36, Marley's music has demonstrated a unique ability to combine with almost any cultural setting, no matter how different the elements might at first appear. Through his adaptable yet enduring musical messages, he represents an especially articulate type of singer-songwriter. Marley released a large quantity of introspective autobiographical material at the height of his success, and it is thus only in a work such as this in which the artist is investigated through his recorded output that one can understand who this great man truly was and what he hoped to achieve through his life and music. *The Words and Music of Bob Marley* investigates Marley's creative output chronologically and provides complementary biographical information where it is relevant and helpful. Themes discussed throughout the book include protest, revolution, love, hate, biblical concepts, and Rastafari culture.
