Talking With Robert Penn Warren:

Talking with Robert Penn Warren Floyd C. Watkins, John T. Hiers, Mary Weaks-Baxter, 1990 Collects a wide variety of interviews given by the author over the years including television appearances and conversations with other writers

Robert Penn Warren talking Robert Penn Warren, 1980 *Conversations with Robert Penn Warren* Gloria L. Cronin, Ben Siegel, 2005 Robert Penn Warren 1905-1989 excelled in three written genres fiction poetry and literary criticism and is one of the few writers to be awarded Pulitzer Prizes for both his poetry and his fiction. With Cleanth Brooks he inspired practitioners of New Criticism and revolutionized the way literature was taught and studied in the academy. His 1946 novel *All the King's Men* a fictionalized account of Louisianian Huey P. Long's gubernatorial administration remains the template for American political commentary in fiction. In 1985 Warren became the first U.S. Poet Laureate. *Conversations with Robert Penn Warren* collects interviews ranging from the 1950s to the 1980s. Featuring interviews conducted by such writers and journalists as William Kennedy, Bill Moyers, C. Vann Woodward, and Roy Newquist, this collection's depth and focus are remarkable. Warren's critical acumen is present in every piece here as he talks forthrightly about literature's place in American culture, the role of history in his novels and poetry, and the contemporary events that raged during his lifetime. *Conversations with Robert Penn Warren* is a rewarding look at a man whose life and literary career spanned most of the twentieth century. Moyers, Robert Penn Warren, 1976 Free All Along Stephen Drury Smith, Catherine Ellis, 2019-01-15 This is an expression not of people who are suddenly freed of something but people who have been free all along. Ralph Ellison speaking with Robert Penn Warren. A stunning collection of previously unpublished interviews with key figures of the black freedom struggle by the Pulitzer Prize winning author. In 1964 in the height of the civil rights movement of the 1960s Pulitzer Prize winning author and poet Robert

Penn Warren set out with a tape recorder to interview leaders of the black freedom struggle. He spoke at length with luminaries such as James Baldwin, Martin Luther King Jr, Stokely Carmichael, Ralph Ellison, and Roy Wilkins, eliciting reflections and frank assessments of race in America and the possibilities for meaningful change. In Harlem, a fifteen-minute appointment with Malcolm X, unwound into several hours of vivid conversation. A year later, Penn Warren would publish *Who Speaks for the Negro*, a probing narrative account of these conversations that blended his own reflections with brief excerpts and quotations from his interviews. Astonishingly, the full extent of the interviews remained in the background and were never published. The audiotapes stayed largely unknown until recent years. *Free All Along* brings to life the vital historic voices of America's civil rights generation, including writers, political activists, religious leaders, and intellectuals. A major contribution to our understanding of the struggle for justice and equality, these remarkable long-form interviews are presented here as original documents that have pressing relevance today.

The American Vision of Robert Penn Warren William Bedford Clark, 1991. In 1976, the bicentennial year, Robert Penn Warren told Bill Moyers that he was in love with America but his love for the nation was more often than not troubled and angry. Warren once remarked that any intelligent person is inclined to criticize his country more strongly than he will criticize anything else. And he should. It's a way of criticizing himself too. Trying to live more intelligently and more fully. In *The American Vision of Robert Penn Warren*, a noted Warren scholar traces the evolution of our first poet laureate's distinctive stance toward the American experiment in democracy, showing how Warren sought to balance off the claims of self and society in the New World. This book surveys the full six decades of Warren's career, combining close reading with a historian's eye for social and political context. While pointedly avoiding the reductive pitfalls of the new historicism, Clark documents the informing role the Great Depression played in shaping Warren's attitudes toward art and politics, and he demonstrates the necessity of regarding Warren's major achievements in fiction and verse as forms of public speech. Read in this light, Warren's vision offers a set of possibilities for renegotiating America's covenant with its Founders on new and pragmatic terms. Based solidly on the best previous commentary on Warren and his work, Clark's study represents a new approach to its subject and incorporates insights and information garnered from the Warren Papers at Yale. A wide-ranging account of the interplay between an author's imagination and contemporary history, this book should prove of interest to all students of American culture, especially those concerned with the interrelationships of literature, politics, and ideology. Written in a lively and direct style, it will appeal to specialists and general readers alike.

The Rebuke of History Paul V. Murphy, 2003-01-14. In 1930, a group of southern intellectuals led by John Crowe Ransom, Allen Tate, Donald Davidson, and Robert Penn Warren published *I'll Take My Stand: The South and the Agrarian Tradition*. A stark attack on industrial capitalism and a defiant celebration of southern culture, the book has raised the hackles of critics and provoked passionate defenses from southern loyalists ever since. As Paul Murphy shows, its effects on the evolution of American conservatism have been enduring, as well. Tracing the Agrarian tradition from its origins in the 1920s through the present day,

Murphy shows how what began as a radical conservative movement eventually became alternately a critique of twentieth century American liberalism a defense of the Western tradition and Christian humanism and a form of southern traditionalism which could include a defense of racial segregation Although Agrarianism failed as a practical reform movement its intellectual influence was wide ranging Murphy says This influence expanded as Ransom Tate and Warren gained reputations as leaders of the New Criticism More notably such neo Agrarians as Richard M Weaver and M E Bradford transformed Agrarianism into a form of social and moral traditionalism that has had a significant impact on the emerging conservative movement since World War II

American Servitude and Historical Imaginings M. Jordan, 2004-08-20 In African American Servitude and Historical Imaginings Margaret Jordan initiates a new way of looking at the African American presence in American literature Twentieth century retrospective fiction is the site for this compelling investigation about how African American servants and slaves have enormous utility as cultural artifacts objects to be acted upon agents in place or agents provocateurs Jordan argues that those who even those seemingly innocuous infrequently visible or silent servants are vehicles through which history culture and social values and practices are cultivated and perpetuated challenged and destabilized Jordan demonstrates how African American servants and servitude are strategically deployed and engaged in ways which encourage a rethinking of the past She examines the ideological underpinnings of retrospective fiction by writers who are clearly social theorists and philosophers Jordan contends that they do not read or misread history they imagine history as meditations on social realties and reconstruct the past as a way to confront the present

Robert Penn Warren and the American

Imagination Hugh Ruppersburg, 1990 The myth of America the gap between American ideals and the actualities of American life is a central and controlling metaphor in the works of Robert Penn Warren Ranging across Warren's distinguished sixty five year career Robert Penn Warren and the American Imagination identifies the concerns that stem from Warren's vision of American history as a struggle to restore the lost ideals of the founding fathers and shows how they resonate through his writings From his 1928 biography of the abolitionist John Brown to the late poems of Altitudes and Extensions Warren returned again and again to themes related to democracy regionalism personal liberties individual responsibilities minority relations and above all the loss of ideals Ruppersburg initially focuses on Warren's expression of these themes in three major narrative poems Brother to the Dragons portrays slavery in all its horror and its consequences for Jeffersonian idealism Audubon A Vision extols the power of imagination in one man's quest to assert an American identity in the wilderness and Chief Joseph of the Nez Perce regards the victimization of Native Americans and their exclusion from traditional versions of American history as evidence of flaws in the founding vision In his nonfiction works Segregation and Who Speaks for the Negro Warren depicted the civil rights movement as a struggle for identity and individualism Ruppersburg traces the development of Warren's attitudes arguing that his support of the civil rights movement

paradoxically stemmed from agrarianism which by the 1950s meant something very different to him from the agrarianism of I'll Take My Stand. In addition Warren hoped that the civil rights movement would restore some of the nation's original revolutionary ardor and idealism. The book closes with an examination of Warren's views on the future of democracy and the individual in a world dominated and threatened by science and technology. Looking particularly at The Legacy of the Civil War, Democracy and Poetry and the poem New Dawn, Ruppersburg concludes that Warren was skeptical about our prospects for survival. Still through his advocacy of the arts and the primacy of the individual, Warren affirmed the values that he believed would help Western culture to endure. Robert Penn Warren sought to explore the meaning of the American experience to validate the promise and the dangers of American ideals and to urge the nation to take stock of itself and struggle for control of its fate in history. Through this obsessive search for America's identity, Ruppersburg demonstrates Warren's affirmed his own position as one of the most accomplished and significant of modern American writers. *Interviews and Conversations with 20th-century Authors Writing in English* Stan A. Vrana, 1982. *The Preface* Ross K.

Tangedal, 2021-11-06. Building on insights from the fields of textual criticism, bibliography, narratology, authorship studies, and book history, *The Preface: American Authorship in the Twentieth Century* examines the role that prefaces played in the development of professional authorship in America. Many of the prefaces written by American writers in the twentieth century catalogue the shifting landscape of a more self-consciously professionalized trade, one fraught with tension and compromise and influenced by evolving reading publics. With analyses of Willa Cather, Ring Lardner, F. Scott Fitzgerald, Ernest Hemingway, Robert Penn Warren, and Toni Morrison, Ross K. Tangedal argues that writers used prefaces as a means of expanding and complicating authority over their work and ultimately as a way to write about their careers. Tangedal's approach offers a new way of examining American writers in the evolving literary marketplace of the twentieth century.

Away Down South James C. Cobb, 2005-10-01. From the seventeenth century Cavaliers and Uncle Tom's Cabin to Civil Rights museums and today's conflicts over the Confederate flag, this book offers a brilliant portrait of southern identity served in an engaging blend of history, literature, and popular culture. In this insightful book written with dry wit and sharp insight, James C. Cobb explains how the South first came to be seen and then came to see itself as a region apart from the rest of America. This is a major work by one of America's finest Southern historians, a magisterial synthesis that combines rich scholarship with provocative new insights into what the South means to southerners and to America as well. *The Contemporary Novel* Irving Adelman, Rita Dworkin, 1997-10-09. In this new edition, what was already an expansive work has been updated and further enlarged to include information not only on American and British novelists but also on writers in English from around the world. **In Their Own Words** Jim McWilliams, 2002. *Interviews and Conversations with 20th-century Authors Writing in English: 1980-1985 and 1900-1980* addenda Stan A. Vrana, 1990. *Robert Penn Warren* Charles H. Bohner, 1964. This study emphasizes the shaping influence of the Southern heritage on Warren and the stimulus of

his career afforded by his early association with the famous coterie of Southern writers The Fugitives. This is the first book length study to discuss systematically both the range of Warren's talents and the growth of his artistic development. The author argues that despite the variety of forms Warren has employed his work is concerned with several underlying themes: the problem of evil, the meaning of history, the human penchant for violence, the search for self-knowledge, and the need for self-fulfillment. These themes Warren has returned to again and again exploring them with a depth of perception and a richness of illustration that have placed him among the major literary figures of his time.
