Extreme Spirituality Tolly Burkan,2001 Walking across shards of glass breaking arrows with your throat firewalking Tolly Burkan shares the secrets of why people engage in these extreme practices and how even if we only read about them they can be spiritually educational Through reading about over 20 of these practices readers learn how even unpleasant or dangerous situations can help us experience love wisdom and compassion The interconnections we then make reveal aspects of our divine nature and leave us with a crystal clear distinction between our egos and our higher selves This book using many different examples uses a logical and enthusiastic approach to teach people how to assume a totally spiritual perspective in any situation By doing this even sorrowful or frustrating situations are diminished in their power to cause suffering We can choose our reactions to them and use them as insights for spiritual growth

As you Life it - Work as usual. Life as unusual Ayon Banerjee,2020-08-20

Time is a queer commodity that is reconstructed in memories and deconstructed in regrets as it goes by Most of us sleepwalk through our youth in trying to win some kind of an identity Then we stumble upon middle age scramble to preserve that identity And suddenly standing at mid point we realize that somewhere in this medley of all the artificial races we were enlisting in we have quietly let go of our greatness Partly by default partly by design The first pangs of urgency hit us We know this is no dress rehearsal It is our own life that is gliding past We straighten up and reach for it And try to snare it on print This book is Ayon's attempt to capture his journey at intermission narrated through a heterogeneous ensemble of his articles that take you through events relationships successes and failures which add up into the randomness of his life that he joins backwards into coherent stories
