Tampa Review 23:

Tampa Review ,2003 Ultimate Sacrifice Lamar Waldron,Thom Hartmann,2013-08-22 Drawing on seventeen years of research thousands of recently declassified files and dozens of interviews Ultimate Sacrifice re creates and in many ways rewrites the crucial period of our history leading up to November 22 1963 In the process this groundbreaking account provides the missing pieces to the greatest tragic puzzle of post war America the true circumstances behind the assassination of President John F Kennedy Ultimate Sacrifice details a previously unknown Plan for a Coup in Cuba authorized by President John Kennedy run by Attorney General Robert Kennedy and set for December 1 1963 The Kennedy plan unique and different from any previously disclosed operation was as detailed in a Joint Chiefs of Staff memo to have included a palace coup a provisional Cuban government and if necessary a full scale invasion by invited US military forces The CIA s code name for their part of the operation AMWORLD has never previously surfaced in any government investigation nor in any book or article making it one of the most covert operations in United States history Ultimate Sacrifice will detail how the Kennedy plan was penetrated by three mafia godfathers Carlos Marcello Santo Trafficante and Johnny Roselli being vigorously pursued by Attorney General Robert Kennedy along with a dozen of their associates six of whom were also working on the Coup plan The crime bosses then used parts of the Coup Plan AMWORLD to arrange JFK s assassination in a way that would prevent a truly thorough government investigation in order to protect the Coup Plan its participants and national security By using the secrecy surrounding the Plan the mob bosses would target JFK not only in Dallas but in two earlier attempts one in Chicago on November 1 and then one in Tampa on November 18 which Ultimate Sacrifice reveals for the first time in any book Ultimate Sacrifice has finally pieced together the whole story by building on the work of the seven governmental committees that have investigated aspects of the assassination on the work of former government investigators and on the four million documents that were declassified in the 1990s in addition to exclusive interviews with dozens of witnesses and participants including Secretary of State Dean Rusk Press Secretary Pierre Salinger and the Kennedys closest Cuban exile aide Harry Ruiz Williams **The University of New South Wales Law Journal** ,2003 E-Commerce and the Digital Economy Michael J. Nationhood, Executive Power and the Australian Constitution Peta Stephenson, 2022-09-08 The first comprehensive study of the nature and scope of the nationhood power this book brings a fresh perspective to the scholarship on the powers of the executive branch in Australia The question of when the Federal Executive Government can act without the authorisation of the Parliament is contested and highly topical in Australia In recent judicial decisions Australian courts have suggested that statutory authorisation may not be required where the Federal Executive Government is exercising the nationhood power that is the implied executive power derived from the character and status of the Commonwealth as the national government The Federal Executive Government has relied on this power to implement controversial spending programs respond to national emergencies and exclude non citizens from Australia Together the chapters in this book analyse and evaluate judicial observations about the operation of the nationhood power in these different contexts and the limits which apply to it While the focus of this book is on the nationhood power it also addresses broader issues concerning the relationship between the legislative and executive branches in parliamentary systems of government This book makes an important contribution to the literature on executive power and will appeal to constitutional lawyers scholars and practitioners and those who are involved in the administration of government
