those who already have an understanding of these matters **Sotades** Herbert Hoffmann, 1997 In this book the author explores the work of the fifth century BC Athenian vase painter Sotades one of the most familiar names in vase painting Previous scholarship has dealt mainly with questions of attribution style and iconographic interpretation but Dr Hoffman concentrates on inherent meaning what does the imagery of these decorated vases really signify He argues that contrary to widely held conceptions there is an underlying unity of meaning in Greek vases and their imagery a unity rooted in the religious beliefs and ritual practices of the society from which they spring Each chapter discusses a specific aspect of the artist s iconology placing it in the context of fifth century BC Greek philosophical and religious thought Ancient Civilizations from Scythia to Siberia , 1997 **The J.
