Target Smuggler Havens:

Target FASA Corporation, FASA Corporation Staff, 1998 **Global Human Smuggling** David Kyle, Rey Koslowski, 2011-11-15 Ten years ago the topic of human smuggling and trafficking was relatively new for academic researchers though the practice itself is very old Since the first edition of this volume was published much has changed globally directly impacting the phenomenon of human smuggling Migrant smuggling and human trafficking are now more entrenched than ever in many regions with efforts to combat them both largely unsuccessful and often counterproductive This book explores human smuggling in several forms and regions globally examining its deep historic social economic and cultural roots and its broad political consequences Contributors to the updated and expanded edition consider the trends and events of the past several years especially in light of developments after 9 11 and the creation of the U S Department of Homeland Security They also reflect on the moral economy of human smuggling and trafficking the increasing percentage of the world s asylum seekers who escape political violence only by being smuggled and the implications of human smuggling in a warming world **No Safe Haven** Robert K. Hudnall, 2004-10-20 The terrorist attacks of September 11 2001 marked the first time since Pancho Villa s raid on Columbus New Mexico that an enemy has attacked an American city Was this just a fluke or a sign of things to come Just how safe are the Borders of the United States For the first time an author with a background in urban warfare and counter terrorism shows the true state of border security Are we secure or s target waiting for a marksman Find out the truth in No Safe Haven Homeland Insecurity International Crime Control United States. Östhol, Bjarne Lindström, K. Peschel, C.-E. Stalvant, 2012-12-06 Thorvald Stoltenberg Ambassador Chairman of the Editorial Advisory Board A 5 the second volume of the this yearbook goes to press Europe faces new and to some degree unexpected dangers of political and ideological division It is a frightening realisation that not even ten years after the fall of the Berlin Wall the subsequent dissolution of the Soviet Empire and the democratisation and economic transformation of most of the old Soviet dominated Central and Eastern Europe fissures have appeared that threaten to undo some of what has been accomplished in terms of East West rapprochement The immediate crisis over Kosovo may well have been resolved by the time this is being read However it is hard to escape a foreboding that some of the mutual ill will between Russia and the Western powers that has surfaced in the wake of that conflict may linger for years to come It is therefore imperative that Russia and the Western powers sit down to discuss what can be done to avoid similar conflicts in the future and how to overcome mutual recriminations so that they do not harden into new political front lines between East and West in Europe The recent developments make the promotion of integration in the NEBI area even more urgent So far this process has been based on two equally important platforms economic integration and political integration
