Task Of Utopia A Pragmatist And Feminist Perspective:

The Task of Utopia Erin McKenna,2001-11-13 At their best both American pragmatism and utopianism are about hope Both encourage people to think about the future as a guide to understanding the past and forming the present Just as pragmatism has often been misunderstood as valueless instrumentalism utopianism has been limited to dreams of a static perfect world In this book Erin McKenna argues that utopian vision informed by pragmatism results in a process model of utopia that can help form the future based on critical intelligence Using John Dewey s works with feminist theory and literature McKenna develops this pragmatist feminist model of utopia [Science-fiction Studies](#) ,2002 **The Journal of Speculative Philosophy** William Torrey Harris,2009

The Feminist Utopian Novels of Charlotte Perkins Gilman

Chloe Avril,2008 A study of Charlotte Perkins Gilman s Utopian novels which argues that her understanding of the fundamental link between personal relationships of women as lovers wives and mothers and her broader political aims of transforming society remains a radical starting point for feminists **Journal of Thought** ,2004 *John Dewey and Moral Imagination* Steven Fesmire,2003-09-04 While examining the important role of imagination in making moral judgments John Dewey and Moral Imagination focuses new attention on the relationship between American pragmatism and ethics Steven Fesmire takes up threads of Dewey s thought that have been largely unexplored and elaborates pragmatism s distinctive contribution to understandings of moral experience inquiry and judgment Building on two Deweyan notions that moral character belief and reasoning are part of a social and historical context and that moral deliberation is an imaginative dramatic rehearsal of possibilities Fesmire shows that moral imagination can be conceived as a process of aesthetic perception and artistic creativity Fesmire s original readings of Dewey shed new light on the imaginative process human emotional make up and expression and the nature of moral judgment This original book presents a robust and distinctly pragmatic approach to ethics politics moral education and moral conduct [Encyclopedia of Philosophy](#) Donald M.

The Utopian Aesthetics of Three African American Women (Toni Morrison, Gloria Naylor, Julie Dash)

Heike Raphael-Hernandez,2008 This work offers a connection between the concrete utopian theory of hope by the German Jewish philosopher Ernst Bloch and the literary productions of contemporary African American women writers The study argues that these literary texts should be read as concrete utopias outlined in Bloch s major work *The Principle of Hope* Bloch argues that when people become consciously aware of the dialectical tendencies in concrete utopias will they recognize the possibilities first for their own personal empowerment and then for their communities As a result of their conscious awareness readers will be able to perceive the visions of the texts and will begin to actively dream of becoming agents for change themselves The study claims that most texts by contemporary African American women writers such as Alice Walker

Toni Cade Bambara Gloria Naylor Shange Toni Morrison Gayl Jones Paule Marshall Sherley Anne Williams Bebe Moore Campbell and Terry McMillan provide concrete utopian visions An application of Bloch s theory to these writers enriches a reading of their texts and demonstrates that art is the medium that will remind people of their constant never ending responsibility for personal agency **Studia Universitatis Babeş-Bolyai**,2004 **NWSA Journal**,2003 **SciFi**

in the Mind's Eye Margaret Grebowicz,2007 From the Publisher What does our favorite science fiction tell us about the culture of science What do stories of cyborg women and genetic engineering show us about how science and values interact and how science and politics affect each other In SciFi in the Mind s Eye leading scholars look at the way science fiction informs and inspires contemporary research in science and technology and how scientific breakthroughs spur authors on to yet more creative science fiction narratives Alongside investigations into the meaning of science fiction SciFi in the Mind s Eye gives us previously unpublished interventions by acclaimed science fiction authors L Timmel Duchamp Nicola Griffith Nancy Kress Terry Bisson and Stanislaw Lem

Proceedings and Addresses of the American Philosophical Association American Philosophical Association,2001 List of members in v 1 **I Am the Other** Maria A. Ferreira,2005-02-28 The idea of human cloning has fascinated writers and philosophers for centuries and has been dramatized in myths and fiction This volume traces these fictional illustrations of human cloning from some of the earlier manifestations to more contemporary responses Using a feminist and psychoanalytic perspective this book examines parthenogenesis and other related fantasies and argues that cloning could be an important tool in helping women achieve a more egalitarian status Ferreira contemplates the new psychological implication for humanity that will arise as a result of the development and application of genetic engineering and the possible implementation of human cloning This is one of the first books wholly devoted to a specifically literary analysis of the many issues surrounding the fantasy of human cloning which could in fact become a reality at any moment It makes it a timely contribution to the controversial political social ethical cultural and philosophical debate on cloning and its numerous ramifications

Animal Pragmatism Erin McKenna,Andrew Light,2004 What does American pragmatism contribute to debates about human animal relationships These essays address concerns at the intersection of pragmatist philosophy and animal welfare Covers moral consideration of animals animal experimentation institutional animal care protection of animal habitat farm animal welfare and animal communication

The Task of Utopia Erin McKenna,2001-11-19 Are utopian visions viable in the 21st century Utopia has been equated for many with totalitarianism Such visions are not acceptable The loss of utopian visions altogether is also unacceptable This book argues that American Pragmatism and Feminist theory can combine to provide a process model of utopia that pushes to build a flexible future that helps us deal with change conflict and diversity without resorting to fixed ends

Religious and Theological Abstracts,2004 **The Pragmatist**,1999 **Pragmatism In Law And Society** Michael Brint,William Weaver,1991-12-29 A work which addresses the question What constructive role can pragmatism play either in structuring public debate or in dealing
