## **The Evolution Of The Gods:**

The Evolution Of Gods : The Scientific Origin Of Divinity And Religion Ajay Kansal,2012-04-23 Did gods create mankind or did mankind create gods Why when and how did mankind begin to worship gods Religious scriptures the world over claim that one or the other god made man but science has not yet identified any supernatural power that created and governed human beings Was it man who came up with the idea of gods to help him cope with his own fears Could it be that ancient people attributed natural phenomena unfathomable and frightening to them to the working of invisible gods What kind of sufferings or bewilderments made people bow before unseen powers or gods as we call them When were these gods created Who invented morals and methods of worship Who wrote the ancient scriptures such as the Bible and the Vedas Most crucially have gods and the scriptures shaped our responses to the world around us The Evolution of Gods seeks to answer these questions and explains scientifically how when and why religions and gods came into being Ajay Kansal marshals anthropological and historical facts about the development of religions in a simple and straightforward manner to assert that it was mankind that created gods and not the other way around

*The Evolution Of God* Robert Wright,2010-11-04 For centuries faithful followers of Christianity Islam and Judaism have looked to their holy texts for spiritual guidance social and political mandates and answers to man's burning questions about the workings of the universe But what if these believers have been overlooking the most important message in their Scriptures In THE EVOLUTION OF GOD bestselling author Robert Wright finds a kind of hidden code in the Bible and the Koran Read closely he says these texts reveal the key to harmony among the Abrahamic faiths and thus to a peaceful world nothing less than the salvation of humankind THE EVOLUTION OF GOD explains why spirituality has a role today why science affirms the validity of the religious quest and why the future will hold harmony instead of religious extremism If there is an author capable of giving us a revolutionary enlightening re-reading of the Scriptures it is Robert Wright He has written acclaimed and influential books on the evolution of our minds and our history Now he tackles the evolution of God

**The Evolution of the Idea of God** Grant Allen,2018-08-29 **THE EVOLUTION OF THE GOD ILLUSION** Ir. Jim K K Wong,2012-06-16 As one may have read Cicero in The Nature Of The Gods ancient people were vivid observers of the sky and the celestial bodies because of their livelihood they were mostly engaged in agriculture and animal husbandry The cycles of nature and seasons were the most important factors affecting farming civilizations The brilliant stars Jupiter Saturn Venus and the zodiac were also objects of great interest These heavenly bodies were regarded as deities even by

learned philosophers Cicero and Socrates had a field day demolishing these strongly held prevailing ideas One popular god illusion of the West and Middle East began with patriarch Abraham who was an astronomer from Mesopotamia He studied Jupiter avidly and could predict its behavior which he used it to his advantage in his migration to the Fertile Crescent and in his encounters with hostile inhabitants Abraham had the delusion that Jupiter Yahweh was a deity who could be depended to assist him in troubled times The Yahweh Delusion was passed down from Abraham to son Isaac and grandson Jacob Jacob s 12 sons migrated to Egypt multiplied and eventually became slaves Moses a pariah Egyptian prince became the rebel leader of the Hebrew slaves when he discovered his roots At the opportune moment c 1450 BCE Venus erupted from unstable fast spinning Red Giant Jupiter and shot into the inner solar system like a billiard ball along a highly elliptical orbit It had several close encounters with Earth Moon and Mars and created stunning phenomena or miracles such as the much exaggerated Ten Plagues parting of the Red Sea the rain of manna apparent stopping of the Earth s rotation and even the destruction of the mighty army of Sennacherib near Jerusalem Moses and his successors apparently knew and could predict more or less unusual celestial phenomena and attributed them to a tribal deity Yahweh who was connected with their deliverance and survival Every successful prediction or expectation resulted in augmenting the god illusion The god illusion evolved through stupendous sagas cross fertilized by neighbors and reformers roughly from 1500 BCE to 500 BCE However the Hebrews had a confused idea of this savior deity and its feminine aspects such as the Celestial Cow giving manna milk In the evolutionary process Yahwist patriarchs literally wrote off the influential Goddess and made Yahweh a lone male god of Judaism and Christianity The underlying motive developing this god illusion is Moses and Israel s covetousness of the fertile Holy Land Moses needed a justification to commit genocide to rob loot destroy and drive out people inhabiting the land of milk and honey The justification is a tribal god of Israelites who gives mandate to his chosen race to rob and steal the Promise Land from evil worshippers of false gods The underlying theory for this god illusion evolution hypothesis is based on Immanuel Velikovsky s bestseller of the 1950s *Worlds in Collision* This hypothesis met fierce opposition in academia and Establishment Science The AAAS Symposium 1974 was convened to address the serious challenge Here the author produces abstracts from various experts in various disciplines of sciences and arts to counter objections to the underlying theory The god illusion presented here is my own interpretation of the psychological impacts and aspects of these astounding celestial phenomena I am using appropriate knowledge in several disciplines to support my thesis such as radiation chemistry upper atmosphere chemistry and behavioral science My training as a stock analyst to read the underlying environment enables me to read in between the lines to speculate and connect the gaps and dots together and present a satisfying version of the god illusion

[The Evolution of the Idea of God](#) Grant Allen,2014-03-30 This Is A New Release Of The Original 1922 Edition [The Evolution of God](#) Chris Griscom,2007-10-01 The Evolution of God will rock the core of all religions Dramatic powerful and questioning humanity will be forever changed by the message from this revolutionary book The evolution of God will expand

and evolve our awareness of God beyond all borders Exploring how the power of nature and its ability to destroy lives initiated our concept and experience of a God force simple questions are posed so that we can comprehend how we fell into a negative and fearful relationship with a God that seemed to demand sacrifice placation and petition Our communication with the God Force has evolved into a stylized ritualistic format governed over by a select few who have become the vehicles of God's messages and demands wielding fear and punishment as weapons to insure obedience Chris Griscom suggests that throughout time the shaman and priests have set in motion patterns of social and spiritual behavior that have brought about fear and separation from God We are confronted with the distortion of beautiful teachings that have fallen into the interpretations of negative religious dogma Ms Griscom helps us to realize that we can find new ways of experiencing the God Force From the crucifixion to the crusades from stoning the religious offenders to holy wars from self righteousness to ecstatic communion the message of The Evolution of God is that the old cannot help us to know God and Godliness This book offers new choices to assist us with our own evolution and through our conscious awareness allows The Evolution of God
