Talks On Zen:

Take It Easy, Vol 1 Talks on Zen Buddhism Osho, 2023-03-07 Religion is the vast sky of existence Reason is a tiny human phenomenon The reason has to be lost has to be dropped Only by going beyond the mind does one start understanding what is That s the radical change No philosophy can bring that radical change only religion Religion is non philosophic anti philosophic and Zen is the purest form of religion Zen is the very essence of religion Hence it is irrational it is absurd If you try to understand it logically you will be bewildered It can only be understood illogically It has to be approached in deep sympathy and love YOU CANNOT approach Zen through empirical scientific objective concepts They all have to be dropped It is a heart phenomenon You have to feel it rather than think it You have to BE it to know it Being is knowing And there is no other knowing

The First Principle Osho, 2018-12-01 In The First Principle Osho captures the unique colorful seemingly crazy spirit of Zen through talks on a collection of Zen stories anecdotes of the often bizarre interchanges between a master and disciple in the quest for truth From these anecdotes Osho distills Zen s pragmatic essence for the reader and conveys an alive understanding of its message the first principle Authentic truth cannot be said with words it can only be lived Speaking to the contemporary modern reader without robbing these old tales of their magic charm and humor Osho reminds us that You are the shrine for the first principle So the only way is to go within Turn in That is what meditation is all about In addition to commenting on these stories Osho also answers questions and tells jokes on topics such as living with the contradictions of life genuine longing as distinct from spiritual greed maturity and how one can be in an authoritative work role He is constantly challenging us to discover greater self awareness and consciousness from within

Warm Smiles from Cold Mountains Reb Anderson, 2008-04-10 A collection of dharma talks **Warm Smiles from Cold Mountains** explores the life of passionate commitment that lies at the heart of the formal practice of Zen meditation Reb Anderson draws on over thirty years of experience as a Zen priest exploring Buddhist yoga and psychology and the relationship of wisdom and compassion to the personal social and ecological crises of our time At once inspirational and practical he bows to an ancient tradition as he helps us to forge a modern day Buddhism that urges us to sit still in the middle of all living beings

Talks on Zen Stories** Osho,2023-12-01 ZEN IS JUST ZEN There is nothing comparable to it It is unique unique in the sense that it is the most ordinary and yet the most extraordinary phenomenon that has happened to human consciousness It is the most ordinary because it does not believe in knowledge it does not believe in mind It is not a philosophy not a religion either It is the acceptance of the ordinary existence with a total heart with one s total being not desiring some other world supra mundane supra mental It has no interest in any esoteric nonsense no interest in metaphysics at all It does not hanker for the other shore this shore is more than enough Its acceptance of this shore is so tremendous that through that very acceptance it transforms this shore and this very shore becomes the other shore *Talking Zen* Alan Watts,2022-06-21 Insightful and entertaining essays spanning 40 years of lectures by Alan Watts on Zen Taoism psychedelics and comparative philosophy Alan Watts s essays and talks range widely through psychology art religion and politics but always come home to the Zen core For those familiar with Alan Watts s style of presentation the wonderful memorable and prophetic style of his voice is captured in this volume Talking Zen puts on display Watts s ability to explore the very subtle philosophies those common across traditions and those unique to Zen in ordinary and accessible language These lectures paved the way for the rise of Zen in the West *The Zen Eye* Shigetsu Sasaki,1993 A collection of talks by Sokei an 1882 1945 the first Zen master to settle in America From notes taken at meetings the talks were reconstructed by his disciple the late Mary Farkas They reflect
