**Little Aariya Goes to Kenya,**

**Tanzania and Zanzibar** Renuka Natu, 2015-02-28 Every individual is a traveler at heart It is evolution that has confined and defined our current existence The mind wanders and wonders seamlessly Physical travel is a mere extension of this wondrous wandering mind Our planet is a mine of unexplored treasures hidden away in varied surroundings against spectacular backdrops and amidst vibrant cultures Little Aariya Goes to Kenya and also in Tanzania and Zanzibar brings one such

multitextured wonderland to its readers which is seen through the curious eyes and mind of a ten year old. The safari tales narrated in the book are based on real life experiences of the author in the abundant animal abode of East Africa over the last four years. Every visit ends up in a new discovery in a new learning and in a new high keeping the author wanting for more. There is no surprise that East Africa enjoys the highest number of repeat travelers as one visit is never enough. Moreover the informal nature of the native culture the warmth of the local people and the togetherness that you enjoy during the hours spent driving and bonding on the game drives makes it a true family getaway an experience that is most endearing. It is only in East Africa that one can witness the largest game on planet Earth. Sensational, stunning, sensitive and surreal.

*Tanzania, Zanzibar & Pemba* Mary Fitzpatrick, 1999. This guide includes a safari section and expert advice on trekking and diving in the area. There are also details on wildlife including a colour birding section and complete coverage of Tanzania's diverse national parks and reserves. **Tanzania Safari Guide** Philip Briggs, Chris McIntyre, 2023-05-05. This new, thoroughly updated ninth edition of Bradt's Tanzania Safari Guide remains the only practical guidebook to the country that reflects tourism's shift away from backpackers and budget camping safaris to upper end and mid range safaris and beach holidays. Unlike other guidebooks the main focus is practical information about Tanzania's peerless collection of national parks, game reserves and other safari destinations including the Serengeti, Ngorongoro Crater, Tarangire, Ruaha, Katavi, Gombe Stream, Mahale Mountains and four new national parks designated in 2019 including Nyerere which encompasses much of the former Selous Game Reserve and is thought Africa's largest National Park. Every major reserve is given a dedicated chapter detailing its ecology, wildlife, accommodation options, game drives and other activities. Written by acknowledged Africa experts and prolific guidebook writers Philip Briggs and Chris McIntyre, Bradt's Tanzania Safari Guide also focuses on other popular and off the beaten track tourist attractions including Mount Kilimanjaro, the Spice Island of Zanzibar and the mysterious Kilwa Ruins and Kondoa Rock Art UNESCO World Heritage Sites often relegated to the small print of other guides. Accommodation listings for the safari destinations are the most detailed and authoritative available, the authors weeding through the ever growing number of lodges and camps to create a critically selective list of the best properties in every price bracket upmarket, mid range and budget. Meanwhile a 48 page wildlife colour field guide details all species a visitor can expect to find on a safari. Since the mid 1980s when only basic camping safaris were feasible, Tanzania has grown to be one of Africa's top safari destinations. This new edition actively responds to this evolution by focusing on the country mainly as a safari and short stay fly in holiday destination. It also reflects the growing trend away from large lodges towards small, exclusive, eco friendly camps in remote parts of national parks and bordering community concessions. Beyond spectacular year round game viewing, Tanzania is one of Africa's most varied countries, its long palm fringed coastline offering post safari relaxation and complemented by the Great Rift Valley, portions of Africa's three largest lakes and impressive mountains. Use this guide to discover everything Tanzania has to offer. **The Union of Tanganyika and**

**Zanzibar** Godfrey Mwakikagile, 2016-07-30 The author looks at how the union of Tanganyika and Zanzibar was formed to create the new nation of Tanzania. He contends that Anglo American geopolitical interests in the context of the Cold War were not the driving force behind the merger but the initiatives taken by the leaders of Tanganyika and Zanzibar to unite their countries. He also states that the leaders who played the biggest role in forming the union were President Julius Nyerere of Tanganyika, Tanganyika's minister of foreign affairs Oscar Kambona, President Abeid Karume of Zanzibar and Zanzibar's vice president Abdallah Kassim Hanga, but especially Nyerere and Kambona because of the decisions they made and implemented to lay the foundation and facilitate the merger. He cites various sources to document his study. The work is a counter thesis to the argument that the leaders of the United States and Britain including their diplomats in the two East African countries conceived and facilitated formation of the union to protect Western interests in the region. It is argued that they did so in order to neutralise communist influence in Zanzibar because the island nation was in danger of becoming a communist satellite controlled by the Soviets or the Chinese if it came under the leadership of Zanzibar's minister of foreign affairs Abdulrahman Mohamed Babu who was considered to be pro Chinese or Kassim Hanga who was considered to be pro Soviet. That would have provided a base for the Soviets or the Chinese and their allies to spread communism and undermine Western interests in the region and in Africa as a whole if indeed as it was feared by the West Zanzibar became the Cuba of Africa. The author also looks at the challenges the union faced when it was being formed and the other challenges it has faced and continues to face since then. The work is an updated version of the author's previous books on the formation of Tanzania, the first and only union of independent states ever formed on the continent since the end of colonial rule. **Why**

**Tanganyika united with Zanzibar to form Tanzania** Godfrey Mwakikagile, 2014-08-20 The author looks at the interplay of forces at work when the union of Tanganyika and the island nation of Zanzibar was formed in April 1964. Cold War intrigues and rivalries, Pan African solidarity and commitment to regional and continental unity among other factors. What role if any did the Cold War play in facilitating the merger of the two East African countries? Was it an African initiative by the nationalist leaders of Tanganyika and Zanzibar to unite the two countries? Did Pan Africanism and pan African solidarity play a primary or a minor role? Or was it the prime determinant? Other factors include fear of a communist regime which could have been established in Zanzibar after the revolution turning the island nation into what the United States and other Western powers feared would be the Cuba of Africa. Security concerns by Tanganyika if Zanzibar so close to the mainland were to have a hostile regime or became unstable thus posing a threat to the mainland. Fear by Zanzibari leaders especially President Abeid Karume who was worried that his political enemies especially the Marxist Leninist Abdulrahman Mohamed Babu could oust him from power and the only way he could be secure would be by uniting his country with Tanganyika for protection by a bigger and more powerful neighbour. What role if any did all those factors play in the unification of the two countries? Why did Zanzibari leaders such as Kassim Hanga and even Abdulrahman Babu, well known Marxist Leninists

support the union with Tanganyika knowing full well that it would deprive them of their power base in Zanzibar and thus make them allies of their enemies the United States and other Western powers who encouraged the merger of the two countries to neutralise them to prevent them from establishing a communist regime in Zanzibar that would pose a threat to Western geopolitical and strategic interests in the region and in Africa as a whole And why do the leaders of Tanzania mainland want to maintain the union at any cost although Zanzibar is an economic burden on the mainland The book includes some declassified material and interviews with senior American diplomats who were in Tanganyika and Zanzibar when the merger of the two countries took place     **A History of the Arab State of Zanzibar** Norman R. Bennett,2016-11-10 During the late eighteenth and early nineteenth centuries the fertile islands of Zanzibar and Pemba became of central importance to East Africa s growing contact with the international economy as the ruling dynasty encouraged trade in cloves slaves and ivory This book first published in 1978 provides an account of the history of Zanzibar from those early days of trade up to independence and the Revolution that removed the Arab ruling class in 1964     *Tanzania* Philip Briggs,2002 Written by Africa expert Philip Briggs and specializing in wildlife viewing opportunities this well established guide has the latest information on overland and balloon safaris and all the national parks The main attractions of the Serengeti Ngorongoro Crater lakes Victoria and Tanganyika and other prime regions for travelers are all covered in depth with details of the big cats numerous species of antelope and other wildlife that can be expected to be seen on safari How to get the most out of photography equipment combating danger from hippos crocodiles and snakes malaria prevention personal safety and recommended local tour operators are included Interaction with the natives is an enriching and memorable part of a visit so the section on observing local etiquette and background on Tanzania s group dynamics provide an understanding of the country Advice for travelers on a range of topics climbing Kilimanjaro spice island excursions ecological tips and visiting rock paintings make this guide a valuable companion     **Northern Tanzania** Philip Briggs,2009
