*The Taste for Civilization* Janet A. Flammang, 2009-10-06 This book explores the idea that table activities the mealtime rituals of food preparation serving and dining lay the foundation for a proper education on the value of civility the importance of the common good and what it means to be a good citizen The arts of conversation and diplomatic speech are learned and practiced at tables and a political history of food practices recasts thoughtfulness and generosity as virtues that enhance civil society and democracy In our industrialized and profit centered culture however foodwork is devalued and civility is eroding Looking at the field of American civility Janet A Flammang addresses the gendered responsibilities for foodwork s civilizing functions and argues that any formulation of civil society must consider food practices and the household To allow space for practicing civility generosity and thoughtfulness through everyday foodwork Americans must challenge the norms of unbridled consumerism work life balance and domesticity and caregiving Connecting political theory with the quotidian activities of the dinner table Flammang discusses practical ideas from the delicious revolution and Slow Food movement to illustrate how civic activities are linked to foodwork and she points to farmers markets and gardens in communities schools and jails as sites for strengthening civil society and degendering foodwork

*The Taste for the Other* Gilbert Meilaender, 2003 A deeply meditated study of C S Lewis as a social philosopher It does him good service Avoiding unnecessary biographical data Meilaender concentrates rigorously on Lewis writings in an attempt to get at the heart of his vision of human community and his understanding of morality A discriminating work with an intricate structure well suited to the subject Modern Language Review Meilaender s first class scholarly study of Lewis s social and ethical thought is also a fine commentary on his anthropology A well written interpretation of the man who has probably had more influence on the theology of thoughtful Christians in the twentieth century than all the church s professional theologians Choice Meilaender is a master exegete and

critic of Lewis dialectical vision in all its rich concreteness This work must now stand as our best guide to Lewis s thought

Christian Century A remarkably complete look at Lewis s thought New Oxford Review Combining solid scholarship with literary imagination Meilaender does what Lewis himself does he fascinates readers and draws them unawares into serious thought and into reflection requiring a response A first rate study of Lewis that can serve also as an introduction to a serious study of all of Lewis s works Religious Studies Review A book that has been needed for a long time Meilaender brings to his study not only an in depth knowledge of philosophy and theology but also a keen literary awareness A gracefully readable luminously clear book Christianity and Literature GILBERT MEILAENDER is the Phyllis and Richard Duesenberg Professor of Christian Ethics at Valparaiso University His most recent book is Bioethics A Primer for Christians Eerdmans A Taste for
