**Children's Exodus** Vera K. Fast, 2010-11-09 In the months leading up to the outbreak of World War Two Britain rushed to evacuate nearly 10 000 Jewish children from the Nazi occupied territories Through the unprecedented cooperation of religious and governmental organizations the Kindertransport spared thousands of Jewish children from the terror of the Third Reich and provided them with host families in Britain Children s Exodus offers an in depth look at the people and politics behind the various chains of rescue as well as the personal narratives of the children who left everything behind in the hope of finding safety Drawing on unpublished interviews journals and articles Vera K Fast examines the religious and political tensions that emerged throughout the migration and at times threatened to bring operations to a halt Children s Exodus captures the life affirming stories of child refugees with vivid detail and examines the motivations religious or otherwise of the people that orchestrated one of the greatest rescue missions of all time *To Meet in Hell* Bernice Lerner, 2020-03-15 The story of the British officer who was first to arrive at Bergen Belsen and the life of one of the many he saved from near death Burning Memory Alice Eckardt, 1993 Approaches the devastating events of 1933 1945 from the dual perspectives of some of those who lived through and survived the Nazis wholesale murder of Europe s Jews and of some who recognize the need to remember that time and teach others to remember When Truth was Treason Blair Holmes, Alan Frank Keele, 1995 A chilling true story of four courageous teenagers who defied the Nazis Based on a first person account by one of the surviving conspirators Karl Heinz Schnibbe a working class son of the city of Hamburg this book provides a vivid chronicle of the brave young men who faced the awful tyranny of a nation s darkest hour 20 photos

**Omar Khayyam's Secret: Hermeneutics of the Robaiyat in Quantum Sociological Imagination: Book 8: Khayyami Robaiyat: Part 1 of 3: Quatrains 1-338: Songs of Doubt Addressing the Question "Does Happiness Exist?"** Mohammad H. Tamdgidi, 2024-10-25 Omar Khayyam s Secret Hermeneutics of the Robaiyat in Quantum Sociological Imagination by Mohammad H Tamdgidi is a 12 book series of which this book is the 8th volume subtitled Khayyami Robaiyat Part 1 of 3 Quatrains 1 338 Songs of Doubt Addressing the Question Does Happiness Exist Explained with New English Verse Translations and Organized Logically Following Omar Khayyam s Own Three Phased Method of Inquiry Each book independently readable can be best understood as a part of the whole series In Book 8 Tamdgidi offers the first of a 3 part set of 1000 quatrains he has chosen to include in this series from a wider set that have been over the centuries attributed to Khayyam Part 1 includes quatrains 1 338 for each of which the Persian original along with Tamdgidi s new English verse translation and a transliteration for the same are shared Each quatrain is indexed according to the frequency of its inclusion in manuscripts the earliest known date of its appearance in them the extent to which it has wandered into other poets works and its rhyming scheme Brief comments about the meaning of each quatrain in relation to other quatrains and works attributed to Khayyam are then offered along with any notes regarding its new translation as shared Tamdgidi shows that the

quatrains 1 338 in the beginning 30 of which Khayyam offers an opening to his book of poetry as a secretive work of art address the question Does Happiness Exist The latter question is the first of a set of three methodically phased questions Khayyam has identified in his philosophical works as being required for investigating any subject The order in which the quatrains are presented shows that the quatrains included in Part 1 follow a logically inductive reasoning process through which Khayyam delves from the surface portraits of unhappiness to their deeper chain of causes in order to answer his question The thematic topics of the quatrains of Part 1 as shared in Book 8 are I Secret Book of Life II Alas III Times IV Spheres V Chance and Fate VI Puzzle VII O God VIII Tavern Voice and IX O Wine Tender After the opening quatrains where Khayyam explains why he was composing a secretive book of poetry and what it aims to do his inquiry starts with doubtful existential self reflections on his life leading him to first blame his times then the spheres then matters of chance and fate soon realizing that he really does not have an explanation for the enigmas of existence concluding that the answer only lies with God So he appeals to God directly for an answer It is then that he hears the voice of the Saki or Wine Tender from his inner tavern to whom he replies in a series of quatrains closing Part 1 It is in the course of the inquiry in Part 1 that the idea of using Wine as a poetic trope is discovered by him a matter that is separate from his interest in drinking wine which he never denies but is secondary to the spiritual Wine discovered and advanced in his book of poetry that in fact represents his poetry the Robaiyat itself and its promise in answering his questions The logical order of Khayyam s inquiry shows how seemingly contradictory views that have been attributed to him can in fact be explained as logical moments in the successively deeper inquiries he makes inductively when addressing the question whether happiness exists in the created world We should therefore judge each quatrain as a logical moment in Part 1 s inquiry as a whole in anticipation of the two remaining parts of his book of poetry to be shared in Books 9 and 10 of the series respectively addressing the two follow up questions What Is Happiness and Why Does or Can Happiness Exist

**Omar Khayyam's Secret: Hermeneutics of the Robaiyat in Quantum Sociological Imagination: Book 12: Khayyami Legacy: The Collected Works of Omar Khayyam (AD 1021-1123) Culminating in His Secretive 1000 Robaiyat Autobiography** Mohammad H.

Tamdgidi, 2025-06-10 Omar Khayyam s Secret Hermeneutics of the Robaiyat in Quantum Sociological Imagination by Mohammad H Tamdgidi is a 12 book series of which this book is the 12th subtitled Khayyami Legacy The Collected Works of Omar Khayyam AD 1021 1123 Culminating in His Secretive 1000 Robaiyat Autobiography Book 12 condenses the series and its findings in a single volume This is the first time since Khayyam s passing that all his extant works have been compiled in one publication series and volume and studied integratively accomplished just in time for the millennium of his true birth date and the ninth centennial of his true date of passing It includes two forewords one by Winston E Langley Professor Emeritus of Political Science and International Relations and former Provost of UMass Boston and another by Jafar Aghayani Chavoshi Professor of History of Science and Mathematics at Sharif University of Technology in Tehran The original texts are

included with their new English and where needed updated or new Persian translations The preface recaps how a method in quantum sociological imagination helped solve the riddles of Khayyam s life and works in the series The introduction delineates this series findings toward a scientifically reliable biography of Khayyam including a critical commentary on how Edward FitzGerald s Rubaiyat colonially distorted Khayyam s Robaiyat and Islamic legacy Three other chapters are also shared one on how Khayyam s true dates of birth and passing were discovered and reconfirmed in this series including further notes on Swami Govinda Tirtha s errors in studying Khayyam s birth horoscope for the purpose another on integratively viewing astronomy and its relation to astrology amid all of Khayyam s works and a third on the role he played in the design of Isfahan s North Dome Khayyam s studied writings are his treatise on the science of the universals of existence his annotated Persian translation of Avicenna s Splendid Sermon on God s unity and creation his treatise on the created world and worship duty his three part treatises on existence 1 on the necessity of contradiction determinism and survival 2 on attributes and 3 on the light of intellect on existent as the subject matter of universal science his treatise on soul s survival necessity of accidents and nature of time his treatise in music on tetrachords his two treatises on balance his treatise on circle quadrant for achieving a certain proportionality his treatise in algebra and equations his treatise on Euclid s postulation problems his literary treatise Nowrooznameh and his secretive autobiography the Robaiyat comprised of 1000 quatrains logically organized based on his own three phased method of inquiry This series has found the answer to its question about the origins nature and purpose of the Robaiyat in Khayyam s life and works Lifelong he was secretly writing his Robaiyat as his book of life his autobiography for posthumous release His poetic pen name Khayyam tentmaker had been inspired by his dazzling birth chart By re sewing in this series his autobiographical tent of wisdom as a Tavern serving the spiritual Wine of his poetry we have advanced from knowing little about his life to reading his most intimate autobiography But the Robaiyat is not just a private autobiography it is also a sociologically imaginative and poetic public telling of humanity s search for a universal healing Iran s appreciation of Omar Khayyam s legacy can be best judged not by the physics of his burial sites traditionally humble or artistically modern but by the role Iranians themselves have played since his time in safeguarding his works especially in the poetic bricks and mortars of the human architecture of his own secretly designed and designated everlasting tomb

REVIEWS a masterpiece in Omar Khayyam studies Jafar Aghayani Chavoshi Ph D University of Paris 1997 Professor of Philosophy of Science at Sharif University of Technology Tehran Iran specializing in Philosophy Epistemology and History of Mathematics and Science and in Omar Khayyam Studies From his Foreword to the last book of the Omar Khayyam s Secret series Tamdgidi having taken his readers through the first eleven books of his Omar Khayyam s Secret series in book twelve consistent with good teaching offers an overview of what had already been covered by the series as he does in each of its successive books He does more He discusses the scientific requirements for the study of Khayyam s biography and then he proceeds to depict the new findings of the series that make

possible a textually and historically more reliable biography for Khayyam Both with distinction he has achieved The series is a most admirable example of teaching at its best Tamdgidi is but an expert guide in a journey of joint learning and teaching nowhere except in the concluding book including his notes on the biography of Omar Khayyam is it conclusory He patiently anticipates and works with the reader to grapple with issues so there are common discoveries At times he and his readers are detectives with moments of sudden insights realizations and inspiration Indeed for this reader who was exposed at an early age to Khayyam through the work of Edward FitzGerald encountering this series was like the astronauts who experienced seeing the Earth for the first time from outer space It was nothing I could have imagined from prior experience Every college library should at least secure a copy of the last synoptic volume of the series and every research library should have the entire series as one of its prized acquisitions and holdings The claim or assertion respecting the likely longevity of the series and its importance to libraries and by implication scholars is not made lightly and it is in no way an exaggeration A study of its methodology its findings the significance of those findings for the universe of learning of the skills dedication and sacrifices the author brought to bear on the work and of the approach observed to help readers grapple with and understand what is being disclosed attests a rich body of corroborating testimony to the assertion Winston E Langley Professor Emeritus of Political Science From his Foreword to the last book of the Omar Khayyam s Secret series

Tamdgidi,2024-10-25 Omar Khayyam s Secret Hermeneutics of the Robaiyat in Quantum Sociological Imagination by Mohammad H Tamdgidi is a 12 book series of which this book is the 11th volume subtitled Khayyami Robaiyat Re Sewing the Tentmaker s Tent 1000 Bittersweet Wine Sips from Omar Khayyam s Tavern of Happiness Each book independently readable can be best understood as a part of the whole series In Book 11 having shared the three parts of the Robaiyat attributed to Khayyam in the Books 8 9 and 10 of the series Tamdgidi offers the entire set of the 1000 quatrains including the Persian originals and his new English verse translations for each The poems comprising Khayyam s songs of doubt hope and joy are organized according to the three phased method of inquiry he introduced in his philosophical writings respectively addressing the questions Does Happiness Exist What Is Happiness and

Why Does or Can Happiness Exist When Khayyam discussed the three phased method of inquiry in his treatise Resalat fi al Kown wa al Taklif Treatise on the Created World and Worship Duty he noted an exception to the rule of asking when studying any subject whether it exists what it is and why it exists or can exist He distinguished between things objectively existing independent of the human mind and those created by the human mind The normal procedure applies to the former but for products of the human mind he advised the procedure must be modified to asking first what something is then whether it exists and then why it exists or can exist This is because for products of the human mind such as created works of art we would not know whether something exists and why it exists unless we first know what it is To illustrate his point he used the example of the mythical bird Anqa Simorgh in Persian or the Phoenix in English He argued that only when we know what the metaphor stands for would we be able to say whether it exists say in a work of art or even as a person represented by it and why it exists or can exist Khayyam s elaboration implies that one has to make a distinction between objective and human objectified realities which implies that for some objects such as happiness we in fact confront a hybrid reality where aspects of it may be externally conditioned but other aspects being dependent on the human will Once we realize the significance of Khayyam s point then we appreciate that his Robaiyat can also be regarded as a way of poetically portraying and advancing human happiness its poetic Wine being not just reflective but also generative of the happiness portrayed By way of his poetry therefore Khayyam has offered a severe critique of the then prevalent fatalistic astrological worldviews blaming human plight on objective conditions in favor of a conceptualist view of reality in which happiness can be achieved despite the odds depending on the creative human agency itself being an objective force Tamdgidi further shows that the triangular geometry of the logic governing Khayyam s Robaiyat the numerical values of whose three sides are proportional to the Grand Tent governing Khayyam s birth chart further supports the view expressed in Khayyam s own quatrains that for him his Robaiyat poetically represented the tent of which he regarded himself to be a tentmaker revealing another key explanation for his pen name The geometric structure of a tent proportional to the Grand Tent of Khayyam s chart as well as the metaphor of the Robaiyat as Simorgh songs are hidden in the deeper structure of Khayyam s 1000 piece solved puzzle the same way he embedded his own triangular golden rule in the design of the North Dome of Isfahan Khayyam s Robaiyat are his Simorgh s millennial rebirth songs served in his tented tavern as 1000 sips of his bittersweet Wine of happiness *One Day in a Very Long War* John Ellis,1998 He the author describes a world wide conflict from the viewpoint of those who took part on all fronts in both Allied and Axis forces field marshall or private president prime minister prisoner of war or munitions worker just as they saw it on 25th October 1944 Blurb *Westward by Rail: a Journey to San Francisco and Back and a Visit to the Mormons* Rae,1874 **Shofar** ,1990

## **Journey Back From Hell Conversations Wit** Book Review: Unveiling the Power of Words

In a global driven by information and connectivity, the energy of words has be much more evident than ever. They have the capacity to inspire, provoke, and ignite change.
