Spain Is Different:

Spain is Different Helen Wattley-Ames,1999-03 Spain is Different focuses on the uniqueness of both the Spanish people and their culture and examines what effect the differences have on the way Spaniards and Americans relate to and interact with each other It covers aspects of culture important in cross cultural interactions society and the individual relationships language and communication and work and play Spain is (still) Different Eugenia Afinoguénova,Jaume Martí-Olivella,2008-01-01

This volume constitutes the first interdisciplinary multi authored collection written in English on the topic of the cultural impact of tourism in Spain Its methodological range and scope make it accessible to experts in other areas and disciplines who as suggested in the book's introduction will find many of the ideas in the volume applicable to their own fields

Different Paths to Modernity Magnus Jernecke,2005-01-01 Over the last 100 years most European countries have experienced great and in many cases similar changes A general term for the phenomenon is modernisation and in this anthology the authors present several different aspects of modernisation and the modernisation revolution Among other issues the articles are based on the importance of industrialisation education and economic development for the success of modernisation Spain Sweden and Denmark have been used as starting points to illustrate differences in the modernisation process between northern and southern Europe

Is Spain Different? Nigel Townson,2015-02-01 The slogan that launched the tourist industry in the 1960s Spain is different has come to haunt historians This book tackles a number of key themes in modern Spanish history liberalism nationalism anticlericalism the Second Republic the Franco dictatorship and the transition to democracy

The DISAM Journal of International Security Assistance Management , Revealing New Truths about Spain's Violent Past Paloma Aguilar,Leigh A. Payne,2016-10-11 The foundation of a stable democracy in Spain was built on a settled account an agreement that both sides were equally guilty of violence a consensus to avoid contention and a pact of oblivion as the pathway to peace and democracy That foundation is beginning to crack as perpetrators confessions upset the silence and exhumations of mass graves unbury new truths It has become possible even if not completely socially acceptable to speak openly about the past to disclose the testimonies of the victims and to ask for truth and justice Contentious

coexistence that put political participation contestation and expression in practice has begun to emerge This book analyzes how this recent transformation has occurred It recognizes that political processes are not always linear and inexorable Thus it remains to be seen how far contentious coexistence will go in Spain

ECKM2014-Proceedings of the 15th European conference on Knowledge Management Carla Vivas,2014-10-01 The world economy in which we are living poses challenges that lead to a realization that more of the same will be difficult to sustain This provides an illustration that in

order to create new or modified knowledge practices strengthen customer relationships and thus positively influence customer satisfaction organizations must be flexible in configuring combining knowledge and knowledge structures in a way that is appropriate for delivering value to the customer It must simultaneously develop effective strategies for updating the

knowledge of its staff members necessary for underpinning the creation and delivery of appropriate knowledge services Thus unlearning forgetting becomes a critical means for organizational success The ECKM community of scholars has already initiated dialogue that links its particular strengths to innovation issues This conference aims to further that dialogue by attracting leading edge work that leverages the ECKM community's in depth understanding of learning and unlearning to better understand knowledge management Our aim is to stimulate breakthrough research streams linking learning unlearning and knowledge management How can organizations tailor use and extend techniques and tools from knowledge management for improving their business practices and processes Building upon existing work on knowledge management KM and organizational learning the conference will promote interdisciplinary approaches from computer science and information systems business management and organization science as well as cognitive science Emphasis will be put on systematic learning from experience KM tools and KM success factors A special interest belongs to knowledge management initiatives which are lightweight i.e. do not place considerable additional burden on users and KM experts allow an incremental adoption i.e. do not require large up front investment before any return of investment is at least visible and are flexible regarding frequent changes in experts and topics Continuing the success of the ECKM conference series since 2000 the 2015 conference will provide an international communication forum bringing together academia and industry for discussing the progress made and addressing the challenges faced by continuous learning in knowledge intensive organizations

The Debates in the Several State Conventions on the Adoption of the Federal Constitution Jonathan Elliot,1876 *Populists and the Pandemic* Nils Ringe,Lucio Rennó,2022-08-26 Populists and the Pandemic examines the responses of populist political actors and parties in 22 countries around the globe to the COVID 19 pandemic in terms of their attitudes rhetoric mobilization repertoires and policy proposals The responses of some populist leaders have received much public attention as they denied the severity of the public health crisis denigrated experts and data looked for scapegoats encouraged protests questioned the legitimacy of liberal institutions spread false information and fueled conspiracies But how widespread are those particular reactions How much variation is there What explains the variation that does exist This volume considers these questions through critical analysis of countries in the Americas Europe Asia and Africa by leading experts with deep knowledge of their respective cases Some chapters focus on populist parties others on charismatic populist leaders Some countries examined are democracies others autocracies Some populists are left wing others right wing Some populists are in government others in opposition This variation allows for a panoramic consideration of factors that systematically influence or mediate populist responses to the pandemic The book thus makes a

unique contribution to our understanding of the intersection between two of the most pressing social and political challenges of our time. The book will be of interest to all those researching populism, extremism and political parties and those more broadly interested in political science, public policy, sociology, communications and economics.
